

## PROMISE GIVEN THAT COLONEL'S WOUND WILL HEAL

Definite Information Is  
Furnished By Physi-  
cians In Charge.

Tension About the Sick Room Is Less-  
ened But Mrs. Roosevelt Keeps  
Constant Vigil and Sees That Pa-  
tient's Rest Is Unbroken—Tele-  
grams of Sympathy Come Pouring  
In.

### DR. LAMBERT'S STATEMENT

Chicago, Oct. 16.—Dr. Alex-  
ander Lambert, who has been  
the physician of Colonel Roose-  
velt's family for many years, is-  
sued the following statement to-  
night:

"I am struck with the ex-  
cellence of Colonel Roosevelt's  
condition after what he has  
been through. There is no  
question but that it is a seri-  
ous wound with serious possi-  
bilities, none of which have ap-  
peared, and we shall not antici-  
pate nor cross any bridge until  
we get there.

"I shudder when I realize  
how narrow an escape from  
death Colonel Roosevelt had.  
The bullet struck him from be-  
low at an angle such that un-  
less deflected it would have  
surely passed through the little  
lobe of his right lung upwards  
and inward through the auri-  
cles of the heart or the arch of  
the aorta.

"The folded manuscript and  
heavy steel spectacle case  
checked and deflected the bullet  
so that it passed up at such an  
angle that it went outside the  
ribs and in the muscles. If this  
deflection had not occurred and  
the bullet gone through the  
auricle of the aorta or auricles  
of the heart, Colonel Roosevelt  
would not have lived sixty sec-  
onds."

**BULLETIN.**  
Chicago, Oct. 17, 2:15 a. m.—  
Col. Roosevelt awoke at 2 o'clock  
and told the nurse he had had a  
"bully sleep." His temperature was  
98.4; his pulse 74, and his respira-  
tion 18.

After the record was taken the  
colonel announced he would go to  
sleep again. He had been asleep  
since 11 o'clock.

**BULLETIN.**  
Chicago, Oct. 16.—Colonel Roose-  
velt slept soundly as midnight passed.  
The rooms of his suite were  
dark and silent. Night Nurse Mar-  
garet Fitzgerald was called from the  
room which she had turned over to  
Mrs. Roosevelt, and sat outside with  
the police sergeant who was on  
guard. She said that she had nothing  
to do for the colonel, and would  
not go to him unless he rang.

**BULLETIN.**  
Chicago, Oct. 16.—At 10 o'clock  
to night Col. Roosevelt was visited  
by Dr. J. B. Murphy, head surgeon  
in charge of the case, Dr. Terrell  
and Dr. McCauley. The examination re-  
sulted in their announcement that  
the condition of the patient is nor-  
mal at present and that there is no  
indication of sepsis in the wound, or  
of plural complications.

Following is the official count:  
Temperature, 98.6; pulse, 84; res-  
piration, 20; euocytes, 6400;  
polymorphonuclear neutrophils, 74;  
general condition good.

Dr. J. B. Murphy,  
Dr. D. D. Bevan,  
Dr. S. L. Terrell.

Chicago, Oct. 16.—After a day  
of ceaseless vigil, Col. Roosevelt's  
physicians to night could no more  
than say that his condition was vir-  
tually unchanged. Indications, they  
said, favored the speedy recovery of  
the former president from the ef-  
fects of the bullet which struck him  
down in Milwaukee on Monday night.

A rise in temperature and pulse  
late in the day, however, made his  
condition for the time being some-  
what less favorable.

The fact that a rib was fractured,  
which was not disclosed until today  
and that the precise location of the  
bullet had not been discovered added  
to the feeling of uncertainty.

Friday to Be Test Day.  
Not before Friday, if all goes well,  
will the physicians be prepared to  
say that their patient is out of dan-  
ger. The intervening period will be  
required to determine whether blood  
poisoning or other complications are  
to be feared.

Theodore Roosevelt, Jr., after a  
talk with his father and a consulta-  
tion with the physicians, expressed  
the feelings of those who visited the  
president to day.

"It will be four or five days," he  
said, "before he can breathe easily."

Colonel Roosevelt spent a quiet  
and apparently care-free day, seem-  
ingly the least concerned of all. He  
was cheered by the appearance of  
Mrs. Roosevelt, who arrived early in  
the day from New York and remain-  
ed with him constantly. He felt no  
pain, he said and moved about at will  
on his bed reading, dictating tele-

## VOICES ROOSEVELT'S MESSAGE TO NATION

BEVERIDGE SPOKE IN COLO-  
NEL'S STEAD AT LOUISVILLE.

Former Senator Quotes Ex-President  
as Saying That His Injuries Mat-  
ter Not But That the Cause Is All  
Important—Exhorts People Not  
to Worry But to Remember They  
Are For Golden Hopes of Men.

Louisville, Ky., Oct. 16.—Albert  
J. Beveridge, former senator from  
Indiana, brought to Kentucky to-  
night Col. Roosevelt's message to  
the nation dictated from the colonel's  
sick bed in Mercy hospital in Chi-  
cago.

"It matters little about me," Col.  
Roosevelt told Mr. Beveridge, "but  
it matters all about the cause we  
fight for. If one soldier who happens  
to carry the flag is stricken, another  
will take it from his hand and carry  
it on.

"You know that personally I did  
not want ever to be a candidate for  
office again," the message from the  
stricken ex-president continues.  
And you know that only the call  
that came to the men of the sixties  
made me answer it in your day as  
they did more nobly in their day."

**Spoke in Roosevelt's Stead.**  
Colonel Roosevelt was scheduled  
to speak in Louisville tonight. After  
having been shot in Milwaukee he  
cancelled all his engagements but  
insisted that the address he was to  
have made in Louisville be delivered.  
He called on Senator Beveridge to  
speak in his stead.

"Right now, as in the 60's, the  
colonel told me," declared Mr.  
Beveridge, "it is not important  
whether one leader lives or  
dies. It is important only  
that the cause shall live and  
win. Tell the people not to  
worry about me; for if I go down  
another will take my place. For al-  
ways the army is there. Always the  
cause is there and it is the cause for  
which the people care for, it is the  
people's cause."

**Message to the People.**  
Senator Beveridge said:  
"This is his message to all his  
countrymen. He gave it clearly and  
calmly; not recklessly, nor with fever,  
not in the heat of battle, not in  
bitterness, nor yet in self pride, but  
with cool mind and kindly heart.  
This is his word to all, even to those  
whom the powers of darkness have  
tried to seduce and lead astray."

"He bade me put it thus to the  
people," continued Mr. Beveridge.  
"We stand between two mighty  
grievances—the greed of those who have  
and the greed of those who have not.  
We bound the party to which  
all just men and women, rich and poor,  
who want only justice can belong."

The colonel's message continues:  
"We need in America today in our  
hands the fate of the coming years  
and shame and disgrace will be  
ours, if in our eyes the light of high  
resolve is dimmed, if we trail in the  
dust the golden hopes of men."

**Would Have Questioned Wilson.**  
"Col. Roosevelt tonight would  
have put to Mr. Wilson," continued  
Mr. Beveridge, "the questions about  
to follow, none of which was de-  
vised by Colonel Roosevelt but all of  
which were written and sent to the  
colonel by the head waiter of a hotel.

"In forwarding these questions  
this man said that the people were  
confused as to Governor Wilson's  
position on the trust question and  
on what his attitude has been to the  
trusts while governor of New Jersey."

"Here are the questions:  
"Is it not a fact that the laws  
of the state under which a corpora-  
tion is organized prescribe its order?"  
"Are not all the powers of the  
Standard Oil and similar monopolies  
conferred by the laws of New Jer-  
sey?"

"Could not these powers be cur-  
tailed by amendments to the New  
Jersey laws?"  
"Why has not Mr. Wilson as  
governor of New Jersey recommended  
such amendments?"

**Beveridge Quotes Colonel.**  
Quoting Col. Roosevelt, former  
Senator Beveridge continued:  
"In his inaugural address Mr. Wil-  
son explicitly stated that New Jersey  
had brought discredit upon herself  
by failure to act about the trusts,  
that she ought to act, not only as  
regards new trusts, but as regards  
the old trusts already existing. He  
has again and again explicitly stated  
that the question of the trusts is  
primarily a question for the states  
themselves; and of course there are  
ten times as many trusts and ten  
times as important trusts and in-  
corporations in New Jersey as any  
other state. The Democratic plat-  
form jealously insists upon the  
"rights of the states" to deal with the  
trusts. Yet Mr. Wilson at the same  
time he ventured to attack me—al-  
though he must have well known  
that I was the first president to deal  
definitely with the trusts—has while  
governor of New Jersey, while pos-  
sessing the power, failed to take ac-  
tion of any kind, sort or description  
against the trusts."

**Asked to Answer Specifically.**  
"I ask Mr. Wilson," continued  
Col. Roosevelt's message as delivered  
by Mr. Beveridge, "to answer cat-  
egorically and specifically and not by  
loose general arguments, just why  
it was that after making the recom-  
mendation he made in his inaugural  
and while insisting that the trust  
question was a state question, and  
in view of the fact that in New Jer-  
sey he had ample power to deal with  
trusts, he nevertheless during the en-  
tire time he has been governor has  
failed to take action of any kind,  
sort or description against the Stan-  
dard Oil, Tobacco, Sugar, Beef trust,  
or any other trust."

## SHOULD NOT USE ATTACK AS SHIELD

BRYAN MAKES DECLARATION AT  
INDIANAPOLIS.

States That Roosevelt's Supporters  
Must Not Use Attempt on His Life  
to Protect Their Position From  
Just Criticism.

Indianapolis, Ind., Oct. 16.—De-  
claring that the recent attack on  
Col. Roosevelt at Milwaukee should  
not be used by his supporters as a  
shield to protect their policies from  
political attacks, William J. Bryan  
read a prepared statement to his  
audience during his speech here to-  
night to bear out his assertion. His  
statement follows:

"We are embarrassed in the dis-  
cussion of national issues by the fact  
that one of the presidential candi-  
dates has been the victim of a mur-  
derous assault.

**Deplores Resort to Violence.**  
"We deplore as deeply as Mr.  
Roosevelt's supporters such a resort  
to violence who has temporarily dis-  
abled him for campaign work. We  
denounce as bitterly as Mr. Roose-  
velt's supporters the act of a mad-  
man. We sympathize with Mr.  
Roosevelt in his affliction as sincerely  
as his supporters do, and we wish  
as earnestly as they for his speedy  
recovery. But either he or they will  
ask for a suspension of activity on  
the part of Mr. Roosevelt's oppo-  
nents so long as his friends continue  
to present his side of national is-  
sues."

"The question before the country  
must be decided by the same. A  
maniac cannot be an arbiter in such  
a crisis. I am surprised that the  
friends of Mr. Roosevelt should at-  
tempt to make use of this incident  
in his behalf. It cannot be charged  
to the Democratic party; it cannot  
be fairly charged to any party. The  
suggestion that the assault was led  
to make the attack because of news-  
paper criticism is a far-fetched one,  
and even if it could be shown that  
an unbalanced mind was influenced  
by criticism it is not more just to  
demand a suspension of the discus-  
sion of pending problems on this  
account than to demand a reject  
religion because some have gone in-  
sane over that subject."

**Been Careful Reader.**  
"I have been a careful reader of  
the papers since last June and I am  
quite sure that the Taft papers have  
been no more bitter in their assaults  
upon Mr. Roosevelt than the Roose-  
velt papers have been in their as-  
saults upon Mr. Taft. And neither  
side has attacked the other with  
more violence than both have at-  
tacked the Democrats in campaigns  
past. I can show you as bitter things  
said against me by both the friends  
of Mr. Taft and the friends of Mr.  
Roosevelt, as the friends of either  
have said against the other. The  
papers say many things they ought  
not to say, but I know of no party  
that is guiltless in this matter."

"A nation sits expectant by the  
expresident's bedside, hoping that  
the wound is not a serious one. But  
Mr. Roosevelt's supporters must not  
use this attack to protect themselves  
and their position from just criti-  
cism. The brave soldiers on a battle-  
field do not use the wounded for  
breastworks or for protection. They  
stand out and give blow for blow."

"And so in this campaign Mr.  
Roosevelt's supporters cannot use  
him as a shield to protect themselves  
against the attacks that may be made  
against the politics for which they  
stand."

**GIVE INFORMATION  
ABOUT SCHRANK**

All Papers Found in New York Re-  
lating to Ex-President's Assault  
Are Sent to Milwaukee.

New York, Oct. 16.—Every scrap  
of information which Inspector Joseph  
Fauriot, in charge of the de-  
fective bureau here, has been able  
to gather regarding John Schrank,  
Theodore Roosevelt's assailant, was  
forwarded, to night, to Chief of Police  
Jansen of Milwaukee. A bundle  
of papers found at the Brooklyn  
hotel, where Schrank made his home  
from February, 1911, to January  
15th, last, and which was sent to  
Milwaukee, included private papers,  
letters, etc. A Bavarian school re-  
port dated for the term ending July  
22, 1889, said Schrank was a good  
boy and stood well in reading and  
writing.

The hotel where the papers were  
found is conducted by Edward  
Lauringer. Schrank went from there  
to live in Manhattan. On Sept. 10  
he told Lauringer he was short of  
money and Lauringer's brother,  
Herman, loaned Schrank \$250 on a  
ninety day note on Sept. 18, accord-  
ing to information given Inspector  
Fauriot. Shortly after this Edward  
Lauringer received a letter from  
Schrank to the effect that he had  
just received news of the death of a  
rich uncle in New Orleans and was  
going there at once.

**FOUGHT A DRAW.**  
Philadelphia, Oct. 16.—Ad Wol-  
gast, light-weight champion, and  
Teddy Maloney of this city, fought  
to a draw in a six round bout here  
tonight. Maloney was nervous dur-  
ing the first two rounds but regain-  
ed confidence and made a good show-  
ing in the latter part of the fight.  
The last round he outpunched  
Wolgast at long range.

## PYTHIANS ELECT STATE OFFICERS

VOTE AGAINST LOWERING THE  
MEMBERSHIP AGE.

M. F. Dunlap and John J. Reeve  
Among Those Chosen For Office by  
Grand Lodge—Home For Aged  
Will Be Built—Resolution of  
Sympathy Sent to Roosevelt.

Rockford, Ill., Oct. 16.—Illinois  
Grand Lodge, Knights of Pythias, to-  
night elected officers and adopted  
resolutions against lowering the  
membership age from 21 to 18 and  
against the reduction in per diem  
and mileage. Officers elected were:  
Grand chancellor—Jos. M. Ono,  
Chicago.

Vice-grand chancellor—Wm. A.  
Whitfield, Decatur.  
Grand prelate—Thomas William-  
son, Edwardsville.

Grand keeper of records and seal—  
Henry P. Caldwell, Chicago.  
Grand master of exchequer—Mil-  
lard F. Dunlap, Jacksonville.  
Grand master at arms—Augustus  
A. Partlow, Danville.

Grand inner guard—John J.  
Reeve, Jacksonville.  
Grand outer guard—Walter C.  
Hayes, Belvidere.  
Grand secretary (three years)—Wm.  
D. Hatfield, Peoria.

**Message to Roosevelt.**  
The grand lodge adopted a resolu-  
tion denouncing the attack on  
Theodore Roosevelt and sent him the  
following telegram:  
"The Grand Lodge of Knights of  
Pythias, domain of Illinois, sends  
you its heartfelt sympathy in your  
misfortune, and prays God may  
grant you a speedy and complete  
recovery."

A committee was appointed to  
arrange for the building of a home for  
aged Pythians. The city in which  
it will be located will be chosen  
later.

A resolution calling for reduction  
of mileage to three cents a mile and  
the pay of delegates to \$3 per day  
was tabled by a large majority.

**WANTS FACTS ABOUT  
PEACE HOLDUP**

H. E. Pearce, Who Testified in Dynamite  
Case, Is Told That Trouble Is  
Ahead For Him.

Kansas City, Oct. 16.—Harry E.  
Pearce, who testified in the "dynamite  
conspiracy" trial at Indianapolis,  
Ind., Monday, was snugged and  
robbed of \$5 here last night. He  
was found by a pedestrian and taken  
to the city hospital, where it was  
found his injuries were not serious.  
Pearce says he doubts if the at-  
tack was caused by his Indianapolis  
testimony but asserts that he was  
warned to expect trouble, and was  
visited here by a man who said he  
was a United States marshal. Later  
he learned that the United States  
marshal's office here had not sent  
an officer to him.

Pearce, who is a clerk in a local  
hotel, says that as he was boarding  
a train in Indianapolis, after having  
testified in the trial there, a man  
stepped up and said:  
"You had better look sharp,  
there's trouble ahead for you."

**WILL CONTINUE  
IN CAMPAIGN**

Johnson and Marshall, Speaking  
Tours Not Disarranged by Change  
in Governor Wilson's Plans.

New York, Oct. 16.—The with-  
drawal of Governor Wilson from the  
political platform will not affect the  
activities of Governor Marshall and  
Governor Johnson, the vice-presiden-  
tial candidates respectively of the  
Democratic and Progressive tickets.  
The Democratic national campaign  
committee in session here today ad-  
vised Governor Marshall to continue  
his western tour and Progressive  
leaders were tonight figuring out  
the possibility of having Governor  
Johnson fill the most important en-  
gagements that Colonel Roosevelt  
has been forced to abandon.

Congressman Burleson, Senator  
Gore, Secretary Jos. E. Davies, Robert  
E. Wing of Louisiana and W. R.  
King of Oregon, active members in  
the Chicago Democratic head-  
quarters participated in the confer-  
ence of the Democratic conference  
today. At its conclusion Chairman  
McCombs made public the following  
resolution:  
"We deplore the attempted  
assassination of Ex-President Roose-  
velt and wish for him a speedy re-  
covery."

**SUPREME COURT GETS  
BASEBALL BULLETINS.**  
Unprecedented Procedure in Highest  
Court of the Land.  
Washington, Oct. 16.—Unprece-  
dented procedure was permitted to-  
day in the supreme court of the  
United States when the justices, sit-  
ting on the bench hearing the gov-  
ernment's argument in the "bathtub  
trust" case, received bulletins, in-  
cluding by inning, of the world's series  
baseball game at Boston.

The progress of the playing was  
closely watched by the members of  
the highest court in the land and  
especially by Associate Justice Day,  
who had requested the baseball bul-  
letins during the luncheon recess  
from 2 to 2:30 p. m. The little  
show giving the progress of the play  
went to him not only during the  
luncheon recess but when the court  
resumed its sitting. They were passed  
along the bench from justice to  
justice.

## BALKAN FIGHTING CONFINED TO BORDER

BULGARIA AND SERBIA HESI-  
TATE ON FINAL ACTION.

Diplomats Regard Indisposition as  
Good Omen—Reported That There  
Will be a Pause in Operations  
Around Tushli.

London, Oct. 14.—The Balkan  
fighting remains limited to the Mon-  
tegrin border and although the re-  
luctant states are virtually broken,  
there is a curious indisposition on  
the part of Bulgaria and Serbia to  
take a final place in the hostilities.  
This hesitation is regarded in diplo-  
matic quarters as a good omen,  
pointing to the possibility that the  
powers, although unable to prevent  
it, may succeed in lessening the dura-  
tion of the war. The fact that Italy  
is free to enter the conference will  
greatly strengthen the European con-  
cert and is calculated to make the  
Balkan states more amenable to  
European pressure. The future status  
of Crete under the new conditions  
it is reported, will be virtual annexa-  
tion by Greece is now engaging the  
attention of the powers.

The rumor that Bulgaria has ac-  
tually declared war has not been  
confirmed. The Montenegro, after  
hard fighting, have captured Berana  
but it is reported that there will be  
a pause in the operations around  
Tushli. Undoubtedly this is due to  
the Montenegrins realizing that they  
have paid too dearly for their suc-  
cesses in heavy losses of life.

General Martynovitch's division  
has worked its way closer to Serrari  
and it is stated that an Austrian ves-  
sel has been sent to the scene.

**Turks Leave Sofia.**  
Sofia, Oct. 16.—The members of  
the Turkish legation left here at 1  
o'clock tonight. They were given  
safe conduct through Bulgaria.

**Troops Sent Across Border.**  
London, Oct. 17.—Considerable  
bodies of Serbian troops have been  
sent across Bulgarian border to join  
the Bulgarian army, says a despatch  
from Nis.

**Reinforcements Ready.**  
Paris, Oct. 16.—More than 100  
battalions of Turks already are at  
the ports of Asia Minor, ready to  
reinforce the army now acting  
against the Balkans. Forty thou-  
sand men heretofore locked up in  
Constantinople also will be put into  
action.

**PRISONER TESTIFIES  
AGAINST BECKER**

Attributes Lieutenant With Saying  
"The Public Will Give Me a Pen-  
sion for Killing That—Crook, Ros-  
enthal."

New York, Oct. 16.—"When this  
sensational blows over the public will  
give me a pension for killing that—  
crook, Rosenthal."

These are words attributed to Pol-  
ice Lieutenant Charles Becker by  
James D. Hallen, a fellow prisoner  
at the Tombs at today's session of  
the trial.

Hallen was one of the fifteen wit-  
nesses who testified today for the  
state. Assistant District Attorney  
Moses, announced when adjourn-  
ment was taken tonight that he  
had only one or two witnesses to call  
to complete the state case.

Mrs. Herman Rosenthal, widow of  
the gambler, the first witness of the  
day testified that Lieutenant Beck-  
er, her husband's alleged partner in  
his gambling house, had said to her  
on the occasion of a raid he made  
on the establishment:  
"It's either Herman or me."

This is the so-called fake raid which  
the prosecution claims was forced  
on Becker by his superior officers.  
Mrs. Rosenthal testified also that  
when she came to bury her husband  
she had only \$100 "to her name"—  
all that had been left her by  
Rosenthal. This was a bit of testi-  
mony elicited by the state with in-  
tent to spike the guns of Becker's  
defense.

**CARDS ARE CHAMPS.**  
St. Louis, Mo., Oct. 16.—The local  
National league club retains the  
baseball championship of St. Louis  
by winning from the local Ameri-  
cans in the seventh game of the in-  
ter-league series by a score of 6 to 1.  
Today's victory made it four wins  
for the champions, three for the  
Americans and one game tied.

**REPUBLICANS FILE PETITION.**  
Lincoln, Neb., Oct. 16.—A petition  
and affidavit for a writ of mandamus  
directing the secretary of state,  
Addison Vail to place the names of  
the Taft electors on the ballot as the  
regular Republican candidates in-  
stead of the Roosevelt electors, was  
filed in the district court this even-  
ing.

The Taft electors at present ap-  
pear on the ballot as petition candi-  
dates, without a party designation.

## NO POISON TRACES HAVE BEEN FOUND

FEAR DISPELLED THAT SCHRANK  
FIRED INOCULATED BULLET.

Attorney Zabel Arranges for Alien-  
ists to Examine Prisoner—Results  
of Their Findings to Be Kept With  
Absolute Secrecy for Present—  
Letter Found on Prisoner Indi-  
cates Paranoia.

Milwaukee, Wis., Oct. 16.—All  
fear that the bullet with which Col.  
Roosevelt was shot might have been  
inoculated with poison to make his  
death doubly sure, was dispelled to-  
day, when Dean R. E. W. Summers,  
of Marquette university, notified  
District Attorney Zabel that no  
traces of poison were found in the  
empty shell and upon the other bul-  
lets. The bullets were subjected to  
analytical test by the chemist as a  
precautionary measure against the  
possibility of poison. A solution was  
made of the substance scraped from  
the bullets and the shell and shreds  
of cloth and inoculated pigs. No  
signs of poison manifested.

**Alienists to Examine Schrank.**  
To satisfy himself of the mental  
condition of John Schrank, the  
would-be assassin, and as the first  
step in the preparation of his case,  
District Attorney Zabel has engaged  
the services of three alienists to  
examine Schrank. To prevent their  
being hampered in their work and  
to make sure the result of their ob-  
servations are kept secret for the  
present, the names of the three men-  
tal experts are being withheld by the  
county prosecutor. In the county jail  
it was said that no physicians had  
been there to interview the prisoner.

It is understood that each alienist  
will make his own individual investi-  
gation of the case and then the three  
will compare the results of their  
findings.

**Spent Day Writing.**  
Schrank put in most of to day  
writing, but so far nothing he has  
written has been made public. Sher-  
iff Arnold says Schrank has not at-  
tempted to pass anything that has  
been written out of his cell. Until  
he does this the sheriff will not avail  
himself of the privilege of scrutini-  
zing any written communications.

The letter found on Schrank indi-  
cated a kind of a mind known to  
alienists as paranoia, the mental dis-  
ease from which the slayers of Gar-  
field, McKinley and Mayor Carter  
Harrison, Sr., of Chicago, as well as  
Harry K. Thaw, suffered, in the  
opinion of Dr. F. F. Fowler, first as-  
sistant physician at the Milwaukee  
county asylum for the insane. Many  
cases of paranoia are treated every  
year at the asylum.

Schrank had evolved a way to  
carry his revolver so that it would  
be at all times easy to get at and  
at the same time out of sight. He  
cut a hole in his lower vest pocket  
on the left side. Through this hole  
he pushed the barrel of the revolver  
allowing it to extend down between  
his trousers and body, so that only  
the handle was in the vest pocket.  
In this manner it was not visible  
and was obtainable at once. Schrank  
says he carried the revolver in this  
manner for days.

Schrank today asked the sheriff  
not to permit visitors to his cell. He  
wants to be left alone, he said. He  
was asked if he wanted to talk with  
a lawyer and in reply wanted to  
know if he didn't get an attorney if  
the state wouldn't assign one for  
him. When he was told the court  
had the power to appoint a lawyer,  
he said he'd think it over and make  
his decision.

District Attorney Zabel announced  
that he will oppose the appointment  
of an attorney.

"The man has money and is able  
to employ a lawyer. He should hire  
his own counsel."

**THE MONTENEGRIN WAR.**  
London, Oct. 16.—The entire lines  
of the town of Byelopolje, in the  
Sanjak of Novipazar, have been oc-  
cupied by the Montenegrin division  
commanded by General Vukotich, ac-  
cording to a news agency despatch  
from Cetinje. The Turkish troops  
either surrendered or took to flight.

The other Montenegrin division  
under General Martonovitch is re-  
ported to be developing a powerful  
artillery attack on Turkish town of  
Tarakosch.

### C. L. DEGAN CHOSEN HEAD OFFICIAL

Jacksonville Man is President of Illinois Anti-Horse Thief Association  
—John W. Cleary Is Treasurer—  
Next Meeting in Springfield.

Springfield, Ill., Oct. 16.—The Illinois Anti-Horse Thief Association will ask the state legislature to pass a law which will make it an offense to trespass on property owned by farmers, unless they have first secured the consent of the farmers. This was decided upon at the annual convention held in this city to day and which was attended by 250 delegates, representing that many districts in the state.

Springfield was unanimously chosen as the meeting place for the 1913 convention. The following officers were elected:

President—C. L. Degan, of Jacksonville.  
Vice president—James Dorry of Springfield.  
Secretary—John W. Cleary of Jacksonville.  
Treasurer—John F. Addlesberger, of Dupon.  
Marshal—Henry P. Becker of Arenville.  
H. R. Terry of Virden, J. M. Pence of Morrisville, William J. Cordier of Springfield and J. G. Hill of Taylorville were chosen as delegates to the national convention to be held in Keokuk, Iowa, in 1913.

### INJURED WHILE PLAYING.

While playing near their homes in Litterberry, Wednesday, Ray Gaines and Dean Chapman received painful injuries. In some manner they ran into one another, the Chapman boy's mouth striking the Chapman boy's head with such force that three of Chapman's teeth were broken off and Gaines received an ugly scalp wound. He was taken to the office of Dr. H. Fortune, who dressed the injury and in cleaning the wound, took several pieces of broken teeth from it. Both of the boys are getting along nicely and nothing serious is expected to result.

### FOUNDERS' DAY AT WOMAN'S COLLEGE

Founders' day of the college will be observed this year on October 24, at 10 o'clock. The Founders' day address will be delivered by Bishop McDowell, and there will also be a brief address by Dr. Nite. At the close of these exercises, there will be a meeting of the trustees and visitors of the college.

### ORDERS TO TURKISH ARMY.

Paris, Oct. 16.—The Turkish armies have been ordered to take the offensive immediately, according to a despatch from Constantinople to the Temps.

### ANTI-SALOON LEAGUE.

The members of the Anti-Saloon league of this county held a meeting at the Y. M. C. A. building Wednesday. Matters of business pertaining to the association were discussed.

### THE TEMPERATURE.

The temperature for Wednesday, according to G. H. Hall, weather observer at Alexander, was, maximum 73 and minimum 36.

### ATTEND D. A. R. CONFERENCE.

Miss Annie Hinrichsen, regent, and Mrs. W. K. McLaughlin, a delegate, have gone to Rockford to attend the conference of the D. A. R.

### POINT.

Mr. and Mrs. Alonzo Sawtelle of Markham were guests Sunday at the home of J. W. Wilson.

Communion service was held at Wesley chapel last Sunday. District Superintendent McCarty preached a splendid sermon.

Revival services were begun at the Point Sunday evening, the pastor, Rev. Mr. Houck, having charge of the services. Good meetings are expected and everyone is invited to attend.

James L. Richardson, with his daughter, Miss Grace and his son, George, of Sadorus, Ill., is visiting for a week with relatives in this vicinity.

Mrs. John Veev has returned from a week's visit with friends at Mur-rayville.

### EAST UNION.

Rev. N. M. Antrobus filled his regular appointment here Saturday and Sunday. There was a baptizing after the 11 o'clock services Sunday.

We understand that Carter Du-rnell of Richmond and Miss Maggie Short of near Manchester were married Thursday. We tender heartiest congratulations.

Mrs. Carrie Simmons very pleasantly entertained her Sunday school class Sunday. Those present were Misses Edith McPherson, Lois Cain, Bernice Alred, Ollie and Wilma Walker, Susie and Gussie Windsor and Edna Jones.

Lois Hawkins spent Sunday with Lena Garner.

George Jones, wife and daughter, Eta, were trading in Manchester Friday.

N. M. Antrobus took dinner with Henry Cain and family Sunday.

Mr. and Mrs. W. L. Goacher and Oren Alred spent Sunday with Harold Marsh and wife.

Several from here attended the fair at Springfield last week.

### CHARGED WITH MURDER.

Sisseton, S. D., Oct. 16.—William Rudolph, aged 35, is in jail here, charged with the murder of Albert M. Mackay of Chicago at Orley by beating him over the head with a club. Both were barbers who had been working near here. Rudolph's home is said to be at North McGregor, Iowa.

### BULLET IMBEDDED NERR RIBS

(Continued from page one)

convention the steel jacketed bullet is the only one used in war for humane reasons.

### Soft Lead Bullet.

The bullet in Colonel Roosevelt is of the soft lead variety. It was of large calibre and from the skiagraph apparently is deformed to a considerable degree. Before it entered the colonel's body it passed through 100 sheets of heavy linen paper a steel spectacle case and a number of layers of cloth. Asked tonight, when the radiograph was finished, if the wound was lacerated Dr. Terrell, who had been left in charge by Dr. Murphy and Dr. Degan, said:

"This is a point on which we have given no statement and will not give any at present. I cannot say anything as to the character of the wound."

"The bullet ranged inward and up after it struck the colonel right beside the nipple on his right breast" Dr. Terrell said. "Its course probably was affected by the objects through which it passed. The radiograph does not clearly show its exact shape at present."

### Several Inches Below Surface.

According to the examinations information of which has been accorded by the physicians and the testimony of the X-ray, the bullet is from four to five inches below the surface and in reaching its present position made a slanting wound from six to seven inches long. In sporting ammunition a soft lead bullet will be calculated to "mush-room" after having struck a solid object such as steel spectacle or a bone and would be expected to inflict a wide wound with the maximum of "shock" to the nervous system of the animal.

The wound has been dressed at its various examinations by one of the attending physicians usually by Dr. W. B. McCauley, the resident house surgeon and none of the nurses have seen it, they say.

### No Sign of Poisoning.

Up to the present, the colonel's temperature and pulse have given no indication of septic poisoning in the wound and his sturdy physique has shown less effect from the shock of the impact than would have been the case with a man of slighter build and less strength. It is stated, however, that several more days will be required before it can be seen if the wound is to heal without suppuration.

Present day sportsmen hunt grizzly bears with weapons of less calibre than the 38 revolver from which the heavy lead bullet was fired into the colonel. The usual calibre for big game is 35, and the colonel has killed lions in Africa with smaller bullets than that in his chest. Such a bullet would drop an Elk in its tracks or knock a black bear off his feet. That he could stand up and make a speech with a 38 calibre bullet flattened against one of his ribs is admitted by the surgeons around him to be more of a phenomenon than it was thought to be.

### Broken Rib Affects Pulse.

The pain he has suffered which has been more than he has acknowledged and the increased pulse are to be accounted for by the broken rib it is said. The colonel and Mrs. Roosevelt have been having a jolly visit late tonight according to sounds coming from their adjoining rooms. Their laughs could be heard together. Dr. Terrell said that probably the physicians would not meet again tonight and that no bulletins as to the colonel's condition would be issued before morning.

It will not be necessary to set Colonel Roosevelt's fractured rib or put him in a plaster of paris bandage according to Dr. Terrell. Fractures of the ribs seldom are serious unless the bone is out of place, said Dr. Terrell. This one is not extensive enough to call for treatment of that sort.

### FUNERAL NOTICE.

The funeral of Mrs. Mary Bridges will take place at the residence of her daughter, Mrs. Edward Howe on East Chambers street this afternoon at 4 o'clock. Rev. F. A. McCarty will have charge of the services. Burial will be made in Diamond Grove cemetery.

## Conservation

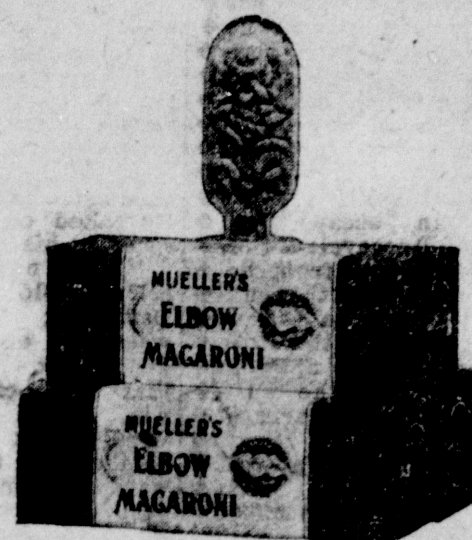

There's lot of talk these days about conserving the forests and other national resources and it's important talk, too. That's a national interest. But the question that has a more personal interest is that of conserving one's own resources.

### USING GOOD MATERIALS

One sure way of private "conservation" is to use the best materials when you build. Using the best in Jax means building with our lumber. There is something individual about Crawford lumber. Every piece has been selected with care and will stand the severe test of time.

## MUELLER'S Elbow Macaroni

The World's Most Nutritious Food

Macaroni is more nourishing than bread. It is not so heating or full of waste matter as meat, and can be prepared in a dozen inviting and delicious dishes. Americans in these latter years are just awakening to the great food value of macaroni and are coming to a realization that it represents the highest value in food supply at the lowest cost. Its use will add to the delight of home diet and will materially aid in cutting down living cost.

Mueller's Macaroni the Best

The time was that the finest macaroni came from Italy but that was before Mueller's macaroni was put on the market. Years ago members of this firm began to study the merit in macaroni and the very best ways of manufacture. They imported seed wheat especially adapted for their purpose and their experts by experiment proved out the best methods. So today Mueller's macaroni stands without a peer on the market. The Mueller factory is American in every sense. The methods are American, the operators are American and the sanitation and cleanliness are American. In the preparation only the very choicest ingredients are used. The basic ingredient is farina which has double the nutritive and body building value of the ordinary flour. All the work is done by machinery. There are various sizes and shapes of macaroni but the most universally used is Mezzani. Other shapes and sizes are Spaghetti, Vermicelli, egg vermicelli, broad egg noodles, medium egg noodles, fine egg noodles, egg alphabet, elbows and sea shells.

Receipt Book For Asking

Mueller's macaroni is put up in attractive air tight packages and we are offering them today at 15 cents a package or 2 for 25 cents. Come in and let us tell you something further about the very great merit of this macaroni and give you a receipt book showing the scores of attractive dishes with macaroni as a basis.

**WITNESS IS GIVEN WARNING**

Government Will Investigate Reported Slugging of Witness in Dynamite Case.

Indianapolis, Oct. 16.—United States District Attorney Charles W. Miller tonight telegraphed Attorney General Wickersham, asking the department of justice to make a rigid investigation of the reported slugging at Kansas City, Mo., of H. E. Pearce, who testified on Monday at a witness for the government in the "dynamite conspiracy" trial.

When shown a message from Kansas City that Pearce had been held up and robbed, Mr. Miller said his information had been such as to warrant him in sending to Washington a request for an investigation.

Will Tolerate no Rough Tactics.

"At the beginning of the trial here we could take no chances in tolerating any rough tactics," said Miller.

Pearce came here under subpoena from the government and neither he nor any other witness is to be molested account of any testimony he might have given. Pearce, who was a clerk in a Kansas City hotel, in his testimony identified Otis McManigal as having registered at the hotel Aug. 20, 1911, as "J. W. McGraw, St. Louis."

McManigal, he said, had remained at the hotel three days, leaving on the day the dynamiter put several charges of nitroglycerin under portions of a bridge being constructed across the Missouri river. A can of the explosive which McManigal hid in a swamp near the river but which he was later unable to locate, was found by the local authorities.

Testimony Important.

While Pearce was on the stand only a short time and merely identified McManigal, his testimony was said to be important in connection with the other details of the dynamite conspiracy in which forty-five men are on trial.

All the testimony taken today was devoted to identification of documents which are to be read to the jury in connection with the testimony of later witnesses.

**MAKES SETTLEMENT.**

A petition was filed in the probate court Wednesday by John M. Fordyce asking for a settlement with the Jacksonville Railway & Light Co., in the case in which he is suing the company for damages for the death of his son, who died while working in the coal dump at the company's plant. The settlement is for \$1,750 and the petition sets forth that Mr. Fordyce and his wife are the only heirs of the deceased. It also states that the attorneys of Mr. Fordyce held a conference with the company and they agreed to make a settlement for that amount, although the company did not admit its liability. It is said that the analysis of the stomach of Sherman Fordyce received at the local office of the company some weeks ago showed that there were evidences of carbon monoxide poisoning.

(Continued From Page One.)

grams or talking with members of his family. In the afternoon he slept for a time.

Dr. John B. Murphy, who is in charge of the case, Dr. Arthur Dean Bevan and Dr. Scurry Terrell, Colonel Roosevelt's physician, held three consultations during the day. Aside from the official bulletins which they issued, which gave little indication of any change, they would say little of the condition of the patient. Why it was that the fracture of Colonel Roosevelt's rib was not disclosed until today, was not made known, although it was said that there was no cause for alarm on this account.

**Mrs. Roosevelt in Charge.**  
As soon as Mrs. Roosevelt reached the hospital this morning she took charge of affairs. She was accompanied by Theodore Roosevelt, Jr., Mrs. Nicholas Longworth and Miss Ethel Roosevelt. Later in the day Congressman Longworth arrived. Mrs. Roosevelt installed herself in a room adjoining that of her husband and during the day seldom left his bedside. Mrs. Roosevelt's first move was to decree that Colonel Roosevelt was to see no visitors except the members of his family. Once or twice during the day she made exceptions, but otherwise she adhered firmly to her resolution. The colonel was "feeling fine" and ready to receive visitors, but Mrs. Roosevelt gave him no opportunity to pass upon her ruling for she made it on her own authority and saw to it that it was enforced and sent back her replies, with the result that the colonel himself did not know who wished to see him.

**Another X-Ray Picture.**  
It was learned today that the X-ray photograph which was taken in Milwaukee a few hours after Col. Roosevelt was shot did not show accurately the location of the bullet and another photograph was taken this afternoon. It is probable that after the plate is developed, if good results are obtained, a decision will be reached as to whether the bullet will be removed. The bullet, it was said, is resting against the fractured rib, the fourth on the right side and the proximity of the rib rendered it difficult to obtain the desired result with the X-ray. The fracture of the rib explained the pain which Col. Roosevelt felt in breathing deeply. The impression grew to day that Col. Roosevelt would be able to do little or nothing more in the campaign. Although he expressed the hope of leaving for Oyster Bay Sunday, it is probable that he will be compelled to remain in the hospital for at least a week longer and that after his arrival at home he will not be permitted to plunge into the campaign again. Associates of Colonel Roosevelt said that while he was deeply disappointed at being obliged to leave the fight during the closing weeks, when it was to be the hardest, he was showing no concern as to the possible effect of his removal from the field of battle. It is the colonel's desire to make at least one more speech before election day and that in his own state of New York. If he can do nothing else he hopes to speak in Madison Square Garden.

**Colonel Looks Well.**  
There was little in the appearance of Colonel Roosevelt to indicate that he was not in his usual health. His face has not lost its color and as he sat propped up with pillows he moved about easily and apparently was free from pain. As he talked he used his characteristic gestures, although with perhaps less vigor than is usual with him, and at times his laugh could be heard in the corridor outside. Relieved from the cares of politics for the first time in three months, he seemed to enjoy his care-free state, and to be determined to make his stay in the hospital an enjoyable vacation. His three children who are in Chicago, dropped in to see him three times during the day, talked for an hour or an hour on each occasion. Mrs. Roosevelt would not permit them to remain longer, lest her husband tire himself. Once during the afternoon Mrs. Roosevelt found O. K. Davis, secretary of the Progressive national committee in Col. Roosevelt's room. He remained there only a few seconds after the appearance of Mrs. Roosevelt, who without debate expelled him to the corridor.

**Nervous Tension Relieved.**  
The nervous tension of yesterday was somewhat relaxed today. The

few persons who were admitted to the corridor near Col. Roosevelt's room on the third floor speak in natural tones instead of in low whispers. The nurses who, yesterday, flitted silently about, stopped as they passed to chat. The policeman on guard at Colonel Roosevelt's door permitted himself the luxury of a chair. Col. Cecil Lyon, of Texas, who has been accompanying Roosevelt on his trips and is known as the man with inexhaustible fund of narratives, told a story over once more. When the score of the baseball game in Boston began to come in by innings, Col. Roosevelt was almost forgotten for a time.

On the streets outside the hospital, there was less of a crowd, and at times only newspaper reporters and correspondents were to be seen. There was one exception in the person of a young girl who took up a position at the main door of the hospital early in the morning and remained there until after dark. As soon as she arrived she sent word that she must see Colonel Roosevelt. She was told that her request could not be granted and replied that she was going to stay until she did see him. She remained at her post until hunger and weariness drove her away.

**Countless Messages of Condolence.**  
Messages of condolence continued to pour in to day from all parts of the world. Among them were cablegrams from crowned heads of Europe. Col. Roosevelt read over a large number of telegrams, but found it impossible to reply to such a large number. One of them was from Samuel Gompers, denouncing the outrageous attack upon the colonel.

"I join with the men of organized labor in common with all our people who are profoundly hoping for and expecting your speedy recovery," Mr. Gompers said.

Mr. Roosevelt laughed heartily at a message from three of his athletic friends which read:

"The Bull Moose League of Athletes expresses to you its deepest sympathy and trusts that our athlete Bull Moose will soon be restored to us."

"Johnny Hayes,  
"Melvin Sheppard,  
"Michael J. Ryan,  
"Committee."

**Father Curran Saw Patient.**  
Colonel Roosevelt's old friend, Father Curran of Wilkes-Barre, Pa., arrived at the hospital late in the day, having come from Battle Creek, Mich., to see the colonel. An hour before he arrived a telegram was received from him saying: "Cannot rest until I see you. Will be at hospital to day."

Col. Roosevelt talked with him for 15 minutes.

**Ignoring Noise.**  
Our suggestion that the senses be trained to ignore noise recalls Lord Lyndhurst's heroism. He found education in distraction. "I recollect many years ago," he wrote, "when I was studying in chambers, having a neighbor who was learning to scrape on the violin. I was at first disposed to complain of my neighbor's innocent pastime as an annoyance, but on a little reflection I said to myself, 'Is it wise in me to object? Let me see whether I cannot stand it without distraction. If I can, what an admirable discipline it will be to me in pursuing my mathematical studies.' After a time I ceased to hear the nuisance as it was called; it made no impression on me." Even an amateur violinist has his apostolic mission!—London Chronicle.

**The Camel's Peculiarity.**  
The camel alone among animals does not perspire with its entire skin. It perspires only in the back of the neck and so when traveling in extreme heat does not require a continual supply of water in order to replace the moisture evaporated through the pores. A curious consequence of this singularity is the fluctuation within 4 degrees of the blood temperature of a healthy camel—that is, a rise of temperature of 4 degrees, which in a human being and in other mammals would be a sign of fever, is a normal function with the camel.—New York Sun.

**Always Fairy Tales.**  
There has never been a language spoken that has not been used for telling fairy tales. Whether in hot lands or cold, among savages or the most cultivated nations—why, not a moment passes in which some one, somewhere, is not telling a fairy tale or listening to one or reading one or perhaps writing a new one, which makes it delightfully probable that we shall always have them with us, however scarce the fairies may have made themselves in these prosaic and practical days.—Hildegard Hawthorne in St. Nicholas.

**The Fitness of Things.**  
During a discussion of the fitness of things in general some one asked, "If a young man takes his best girl to the grand opera, spends \$8 on a supper after the performance and then takes her home in a taxicab should he kiss her good night?"

An old bachelor who was present growled: "I don't think she ought to expect it. Seems to me he has done enough for her."—Argonaut.

**Up Against It.**  
"There is an old proverb to the effect that 'when one door shuts another one opens,' so cheer up."  
"That proverb don't help me none. My wife's mother is visitin' us an' the proverb ought to read, 'When one mouth shuts another one opens.'"  
—Boston Herald.

**The Way Out of It.**  
She: So your cousin is thinking of marrying a nice girl and settling down.  
He: Not exactly. He's thinking of marrying a rich girl and settling up.

### WRECK ON THE ALTON

Springfield, Oct. 16.—One man was badly injured and traffic was blocked for several hours on the Chicago & Alton railroad this morning as the result of a rear end collision between Ridgely and Sherman at 6:30 o'clock this morning. C. L. Pasley of Bloomington, conductor on an extra freight, who was riding in the caboose, is at the Springfield hospital. His face and hands are badly scalded and his back severely wrenched. He is also suffering with internal injuries. Freight No. 338 left Springfield about 6 o'clock this morning in the wake of an extra freight which left this city a half hour earlier. The regular train was going at high speed when it ran into a siding holding the extra and crashed into the caboose. Several cars were derailed or badly smashed and Pasley was caught under the debris near the engine. Before taken from the wreckage he was badly scalded. The Alton wrecker was sent from Springfield and it was several hours before the right of way was again clear and traffic resumed.

## WILL HOLD PLOWING CONTEST AT CHAPIN

Managers of Farmers Institute to Be Held There Have Arranged for Interesting Event on Farm of A. L. French—Substantial Prizes Offered.

Managers of the Chapin Farmers' Institute which will be held next Tuesday, October 22, have arranged for a plowing contest for which liberal premiums have been offered. The trials will be held on the farm of Arthur L. French, just north of Chapin and all contests will be with a walking plow. The premiums will be awarded those who make the straightest and best furrows across the field.

Entries are open to the world and already the list includes such well known names as Dr. J. H. Fountain, John Onken, C. S. French, Henry Perbix, A. L. French, Harold P. Joy, George W. Smith, T. H. Mathers, Lloyd Luckeman, T. H. Pratt, H. O. Smith and many others.

Substantial prizes have been offered by The Farmers' Elevator Co., John Onken & Bro., Henry Perbix, J. H. Ellers Co., O. H. Coultas, Hunter, Allen & Co., W. H. Riggs, Ham & Co. The Chapin Farmers' institute will hold its sessions Tuesday afternoon and evening when well known speakers will be heard. For the plowing contest people can drive to the field with carriages or automobiles and can watch the contest in comfort.

This plowing contest is something of an innovation in the way of improvement along the lines of better agriculture. In England and Scotland and some of the older countries they are very popular and furnish the means of recreation and improvement for a large number of the inhabitants of the agricultural districts.

The farmers of the Chapin district in this, as well as all other branches of their business are alive and thoroughly up to date.

The competition in this contest is open to every one and it is believed by its promoters that it is only the beginning of what will prove in the future to be a permanent and yearly institution. The residents of Chapin and vicinity are thoroughly interested and are working industriously to make this a pleasant outing for everybody and to insure the success of the enterprise.

**DOYLE PAYS MONEY INTO ILLINOIS TREASURY**

Secretary of State Recently Turned Over \$187,882.37 of Funds From Various Sources.

Secretary of State C. J. Doyle has just turned into the state treasury the sum of \$187,882.37, representing the collections in his office for the three months ending Oct. 1. Of the total amount \$38,998.49 is from fees collected in the automobile department and will be turned into the road and bridge fund, making a total in that fund of \$39,260.62.

The remainder of the amount turned into the treasury came from the following sources: Domestic corporation, \$108,448.55; foreign corporations, \$21,097.92; annual reports and reinstatements of corporations, \$997.50; and trust affidavits of corporations, \$14,525.50; notarial and other commissions, \$27,070.15; miscellaneous fees, such as recording and certified copies, \$1,850.15.

The total fees paid into the state treasury by the secretary of state for the six months ending October 1, 1912, amount to \$441,993.50.

**MEETING OF BAPTISTS.** Brantford, Ont., Oct. 16.—A large attendance marked the opening here to day of the twenty-fourth annual convention of the Baptist churches of Ontario and Quebec. The sessions will continue five or six days.

## OBITUARY.

Charles Watson Jordan, the son of William Scott and Eliza Hill Jordan, was born Aug. 12, 1849, six miles northwest of Jacksonville, Ill., and died Oct. 13, 1912, at the Passavant hospital, Jacksonville, Ill., at the age of 63 years, 2 months and 1 day.

On April 4, 1878, he was married to Mary Brownell, of Chatham, Ill. Their married life was of short duration, death claiming the wife in January of the following year.

Early in life he joined the Ebenezer Methodist Episcopal church. Until within recent years, his entire life was spent in the home of his birth, the old Jordan homestead. Several years ago he secured a position at the State Institution for the Blind, where his duties were faithfully performed until within two weeks of his death.

For several months he had been in failing health and two weeks ago, becoming violently ill, he was taken to the hospital, where an operation was performed. From the first the attending physicians gave little hope of his recovery and when death came on Sunday morning, it was not unexpected.

Mr. Jordan was a man respected by all who knew him. He was of a quiet, retiring nature. He was a patient sufferer, thoughtful for others and was ready for the final summons.

He is survived by three brothers, John F., of the Ebenezer neighborhood, William H. of Jacksonville and Hardin of Moweaqua, Ill., and one sister, Mrs. Edmund Blackburn, of the Ebenezer neighborhood; also by a number of nephews and nieces.

The funeral was conducted by Rev. E. B. Houck, at the Jordan home, at 2:30 p. m. Tuesday. Burial was at Ebenezer cemetery.

## NO REASON FOR IT.

When Jacksonville Citizens Show a Way.

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what a Jacksonville citizen says:

Mrs. Dora E. Price, Plum street, Jacksonville, Ill., says: "A few months ago I was attacked by pain across the small of my back and some time after an attack of lagrippe affected my kidneys. The kidney secretions became unnatural, causing me much annoyance. I had often heard about Doan's Kidney Pills and resolving to try them, procured a supply at Armstrong's Drug Store. Soon after I began using them the pain disappeared and my kidneys were restored to a normal condition. I willingly allow my name to be used in recommending Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

**GOT THIRDS ANYWAY.** The Journal mentioned the fact that Mrs. Ralph Frost of this city took some jellies and other nice things to the state fair. Probably the committee or judges were tired and didn't examine carefully or she would have had first premium, but as it was they gave her third on preserves, which is pretty fair, though she should have had the first.

**SERVIANS LEAVE.** CONSTANTINOPLE. London, Oct. 16.—The Servian government has ordered its minister at Constantinople to arrange for his immediate departure, says a despatch received by the Servian legation here. The Servian consuls in Turkey also have been ordered to leave.

## NOTES FROM THE LABOR WORLD.

Springfield, Mass., telephone girls have organized a union.

Members of the San Francisco fire department demand a twelve hour day.

One hundred thousand persons could find work in New York if they would go into the domestic service.

The salary of President G. W. Perkins of the International Union of Cigarmakers has been increased from \$30 to \$40 a week.

Forty-four new agreements have been made by locals affiliated with the International Association of Machinists during the last year.

It is said that Great Britain has more women workers in proportion to its population than any other country. There are 616,000 dress-makers.

Industrially, Belgium is the most highly developed country in Europe. It has at the present time a population of about eight million, of which 1,250,000 persons are engaged in industrial pursuits; 300,000 of them women.

In the year ending August 1, 1912, nearly sixty thousand persons sought and obtained employment through the medium of the three state employment bureaus in Minneapolis, St. Paul and Duluth.

Leeds (England) garment workers report that less than ten years ago they worked steadily from 7 a. m. to 8 p. m. for 80 cents a day, but since their organization they work from 8 a. m. to 6 p. m. and earn a minimum wage of \$1.50 a day.

For death, sick or disability in insurance national unions reported disbursements of \$7,829,121 in 1908 including \$5,164,385 for death of members, \$832,700 for temporary disability, \$634,775 for permanent disability, \$198,618 for superannuation, and \$892,321 other miscellaneous benefits.

In every state in Australia as well as in the commonwealth, there are now two parties only, Liberal and Labor. In the commonwealth and in the states of New South Wales and West Australia the Laborites are in power, while in the other states the Liberals have at present a controlling majority.

Bricklayers' and Masons' Union No. 1 of Winnipeg, Man., is now the largest local union in Canada. It has a membership of more than 1,200 and is also strong financially.

Thirty-seven states have employers' liability laws, in seventeen of which the old common law defense of "fellow servant" has been abrogated and in seven others modified, and several states have modified the common law defense of "assumed risk" and "contributory negligence."

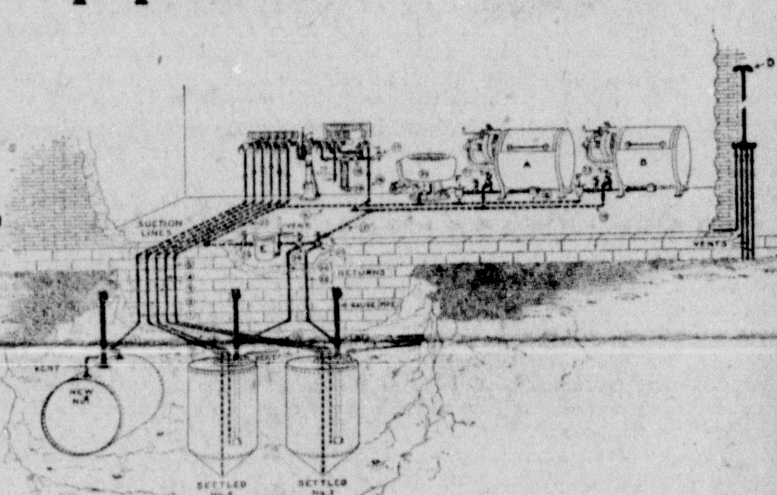

There are six million girls working in the factories, shops and stores of the United States, according to Miss Alice Henry of Chicago, editor of Life and Labor. The girls range in age from fourteen to twenty-four years and their average wage, according to Miss Henry's figures, is about \$6 a week.

France, according to Consul General Gaullin, stationed at Marseilles, has probably the most comprehensive co-operative societies of any country in the world. There are co-operative stores and organizations of every kind for the aid of the toilers, its members. The movement has grown immensely in recent years.

## QUICK RELIEF FOR RHEUMATISM.

George W. Koons, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Alcott, druggist.

## No Man is Stronger Than His Stomach

A strong man is strong all over. No man can be strong who is suffering from weak stomach with its consequent indigestion, or from some other disease of the stomach and its associated organs, which impairs digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel just right," when he doesn't sleep well, has an uncomfortable feeling in the stomach after eating, is languid, nervous, irritable and despondent, he is losing the nutrition needed to make strength.

Such a man should use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and so GIVES HEALTH AND STRENGTH TO THE WHOLE BODY.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Ingredients printed on wrapper.

## Delicious "Syrup of Figs" For A Bad Liver or Sluggish Bowels

This Gentle, Effective Fruit Laxative Thoroughly Cleans Your Stomach, Liver and Thirty Feet of Bowels of Sour Bile, Poisons, Gases and Clogged-up Waste.

A harmless cure for sick headache, for biliousness, for a sour, gassy, disordered stomach, for constipation, indigestion, coated tongue, salivousness, pimples—take delicious Syrup of Figs. For the cause of all these troubles lies in a torpid liver and sluggish condition of your thirty feet of bowels.

A teaspoonful of Syrup of Figs to night means all poisonous waste matter, the undigested, fermenting food and sour bile, gently moved on and out of your system by morning, without griping, nausea or weakness. It means a cheery day tomorrow—many bright days thereafter.

Please don't think of gentle, effective Syrup of Figs as a physic. Don't think you are drugging yourself, for luscious figs, senna and aromatics can not injure anyone.

This remarkable fruit preparation is a wonderful stomach, liver and

bowel cleanser, regulator and tonic, the safest and most positive ever devised.

The day of violent purgatives, such as calomel, pills, salts and castor oil is past. They were all wrong. You got relief, but at what a cost! They acted by flooding the bowels with fluids, but these fluids were digestive juices. Syrup of Figs embodies only harmless laxatives, which act in a natural way. It does what right food would do—what eating lots of fruit and what plenty of exercise will do for the liver, stomach and bowels.

Be sure you get the old reliable and genuine. Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by The California Fig Syrup Company. Hand back, with scorn, any Fig Syrup imitation recommended "just as good."

Bedient threw 99 balls to New York batsmen in the seven innings he pitched while Wood tossed 34 balls in three innings.

Mathewson gauged the position, style and characteristic of every batter who faced him. For those who stood away from the plate he threw consistently over the inside corner and for those who stood close to the rubber he just cut the outside corners. During the early innings his control was remarkable.

The total paid attendance at today's game was 17,034 while the total receipts were \$30,500, of which each club received \$13,725 and the National Commission \$3,050.

### HOW THE RUNS WERE MADE

#### First Inning, First Half.

The first ball pitched was a ball. Devore out, Wagner to Stahl. It was a nice stop and throw. Doyle out, Wagner to Stahl. The crowd was on tension and cheered every play. The Giants were waiting Bedient out to the last ball and strike. Fifteen balls being thrown to the plate before the first two men were retired. Snodgrass walked to first base. Snodgrass stole second Wagner dropping Cady's perfect throw. Snodgrass overslid the base but scrambled back before Wagner could recover the ball. Murry out, Gardner to Stahl.

No runs, no hits, no errors.

#### First Inning, Second Half.

There was a storm of applause as the Boston players came off the field. Hooper went out to Merkle, unassisted, bunting the first ball pitched, almost into Merkle's hands. Yerkes struck out. Speaker made a hit to right by daring base running the umpire first declared him out but reversed his decision after he saw that Doyle had dropped Devore's throw. Lewis struck out.

The official scorer has decided that Speaker's hit was a single.

No runs, one hit, one error.

#### Second Inning, First Half.

Merkle struck out. Herzog flied out to Speaker. Meyers was safe when Gardner let the batter's slow roller go between his legs. Fletcher

singled to center, Meyers taking second. On a throw from Cady to Wagner to catch Meyers napping, the New York catcher turned and ran to third and was safe when Gardner dropped Wagner's throw. Fletcher took second on the play. Mathewson flied out to Speaker.

No runs, one hit, two errors.

#### Second Inning, Second Half.

Gardner walked. It was Mathewson's first base on balls in 21 innings. Gardner was forced at first by Snodgrass's grounder and tossed to Fletcher. Wagner singled to left Stahl taking second. Cady sent up a high fly to Merkle. Doyle to Merkle.

No runs, one hit, no errors.

#### Third Inning, First Half.

Devore walked, Bedient being unsteady and unable to locate the plate. Doyle was out, Gardner to Stahl, Devore going to second. Snodgrass went out to Stahl, unassisted, Devore going to third. Devore scored on Murray's two base hit to left. Speaker made a great try for the ball. Merkle out, Wagner to Stahl.

One run, one hit, no errors.

#### Third Inning, Second Half.

Hooper out, Doyle to Merkle. Yerkes was out, Mathewson to Merkle. Speaker struck out. Mathewson's big drop ball was going nicely and he continually worked the inside corner of the plate.

No runs, no hits, no errors.

#### Fourth Inning, First Half.

Herzog got a long hit to left for two bases. Meyers' sacrifice, Gardner to Stahl. Herzog went to third. Fletcher flied out to Gardner. Mathewson flied to Hooper.

No runs, one hit, no errors.

#### Fourth Inning, Second Half.

Lewis out, Fletcher to Merkle. Snodgrass dropped Gardner's long fly, but Gardner was out at third, Snodgrass-Doyle-Herzog. The official scorer however has credited Gardner with a two base hit. Stahl struck out.

No runs, one hit, no errors.

#### Fifth Inning, First Half.

Devore got an infield hit, the ball bouncing off Bedient's leg toward home plate. Devore was out stealing. Cady to Wagner. Devore was blocked ten feet off the base. Doyle flew out to Hooper. It was the most remarkable catch of the whole world's series, running with the ball he caught it just as it was about to pass into the crowd in right field. The catch prevented a home run. Snodgrass singled to left. Murray fouled to Cady.

No runs, two hits, no errors.

#### Fifth Inning, Second Half.

Wagner flied out to Murray. Cady also flied out to Murray. Bedient flied out to Devore. Mathewson retired the Red Sox in this inning on three pitched balls.

No runs, no hits, no errors.

#### Sixth Inning, First Half.

Merkle sent a high fly to Hooper. Herzog out, Wagner to Stahl, who picked the shortstop's low throw out of the dirt. Meyers walked. Fletcher struck out.

No runs, no hits, no errors.

#### Sixth Inning, Second Half.

Hooper popped out to Merkle. Yerkes got a single to right. He tried to pull away from the plate and the ball struck his bat and flew out beyond Doyle's reach. Speaker walked to first. Yerkes going to second. Speaker was forced at second when Fletcher took Lewis' grounder and tossed to Doyle. Yerkes went to third on the play. On an attempted double steal, Yerkes was out at third on throws, Meyers to Mathewson to Herzog.

No runs, one hit, no errors.

#### Seventh Inning, First Half.

Mathewson sent up a high foul which Stahl dropped. Mathewson singled to center. Mathewson was forced at second when Bedient took Devore's bunt and threw to Wagner. Doyle flied out to Wagner. Devore stole second. Snodgrass cut, Wagner to Stahl.

No runs, one hit, one error.

#### Seventh Inning, Second Half.

Gardner flied out to Snodgrass. Stahl got a single to left when Murray and Fletcher let the ball fall between them. Wagner walked. Stahl go-

### FOOTBALL NOTES.

Hoban, a former Dartmouth half-back, is at Lehigh and expects to make the varsity eleven.

The directors of the navy squad are trying to form a rush line that averages 190 pounds from end to end.

Pennsy thinks she has found another Stevenson in Craig, the quarterback on last year's freshman team.

With Vaughan, Bomeister and Shevlin doing the coaching the Yale ends ought to be well taken care of. Some of the football critics declare the Princeton Tigers' attack is built too much around Pendleton.

Foster Rockwell, the former Eli star, is expected at New Haven soon to help coach the Eli quarterback. Captain Jim Thorne of the Carlisle Indians, is doing the same clever work this season that made him a gridiron hero last year.

Glenn Warner, the Carlisle coach, has just published a new book on football, but he does not diagram the Indians' successful plays.

Bill Roger, who is practicing law in Philadelphia, has begun work as an official for the Pennsylvania football games on Franklin field.

The Vanderbilt eleven which played Harvard Nov. 9, evidently have a scoring machine. The team rolled up 195 points against its opponents the first week of the season.

### ADDRESSES BY NOTED EDUCATORS.

Albany, N. Y., Oct. 16.—The program of this, the second day of the exercises in connection with the dedication of the New York State Education building included addresses by such noted educators as President Charles R. Van Hise of the University of Wisconsin, President Nicholas Murray Butler of Columbia university, Prof. William S. Myers of Princeton university, and Dr. Henry S. Pritchett, president of the Carnegie Foundation. Another notable speaker of the day was Canon Henson of Westminster Abbey, London, who spoke on the value of historical studies to the higher learning.

Mrs. Peter Holan, 11501 Buckeye Road, Cleveland, O., says: "Yes, indeed I can recommend Foley's Honey and Tar Compound. My little boy had a bad case of whooping cough, some times he was blue in the face. I gave him Foley's Honey and Tar Compound, and it had a remarkable effect and cured him in a short time." Contains no harmful drugs. City Drug Store, J. A. Obermeyer.

### EASTERN OREGON TEACHERS.

Enterprise, Ore., Oct. 16.—All branches of educational activity, from the district school to the university, were represented in the attendance here to day at the opening of the annual convention of the Eastern Oregon Teachers' association. Morning and afternoon sessions were held, the program including addresses by Professor Grant Smith of Chicago, Professor Joseph Schafer of the University of Oregon, and L. R. Alderman, state superintendent of public instruction. The meeting will continue over tomorrow and Friday.

### NOTED SOLDIER 85 YEARS OLD.

London, Oct. 16.—The observance a week or so ago of the 80th birthday of Lord Roberts served to call attention to day to the 85th birthday of another noted British soldier, General Sir William Gordon Cameron. General Cameron began his military career nearly 70 years ago and took part in almost every important war and military expedition in which British arms have been engaged from the Crimean war in the '50s until his retirement from the service in 1895.

Mrs. T. A. Towne, 107 6th street, Watertown, S. D., writes: "My four children are subject to hard colds and I always use Foley's Honey and Tar Compound with splendid results. Some time ago I had a severe attack of la grippe and the doctor prescribed Foley's Honey and Tar Compound and it soon overcame the la grippe. I can always depend upon Foley's Honey and Tar Compound and am sure of good results." City Drug Store, J. A. Obermeyer.

### REUNION OF ALABAMA VETERANS

Selma, Ala., Oct. 16.—Selma was gay with flags and bunting to day in honor of the Confederate veterans of Alabama, whose annual state reunion was opened under highly favorable conditions. An attractive two days' program has been prepared for the gathering. The presence of numerous sons, daughters and other relatives and friends of the veterans has helped to swell the attendance.

J. G. Criswell, a painter living at 540 North Mulberry street, Hagerstown, Md., states: "I had kidney trouble with a severe pain across my back and could hardly get up after sitting down. I took Foley's Kidney Pills and soon found the pain left my back. I could get up and down with ease, and the bladder action was more regular and normal." Try them." City Drug Store, J. A. Obermeyer.

### NEW SCHOOL FOR NEGROES.

Shelbyville, Ky., Oct. 16.—The Lincoln Institute of Kentucky, a new institution for the education of negroes in the trades and practical arts, was formally dedicated to day with interesting exercises. The institute starts on its career with several new and well equipped buildings and a force of competent teachers.

### CHIEF INDUSTRIAL SCHOOL.

The girls' industrial school which has accomplished so much good in the past, will be resumed Saturday at 2 p. m. at the Y. M. C. A. building.

CHICAGO, Oct. 16.—A grand batting rally in the eighth inning by the local American league club prevented the Chicago National league club from winning the city baseball championship. The final score was 7 to 5, in favor of the Americans and the series now stands three to two in favor of the Nationals. The American leaguers played an uphill battle from the start. The Nationals took advantage of White's wildness and before the southpaw had retired, the Nationals had scored three runs by bunting hits behind bases on balls, an error and a sacrifice.

Benz relieved White and although somewhat wild, held the Nationals to two hits which came in the last inning. His gift of a base on balls and two wild pitches in rapid succession gave the Nationals a run while a pass and two singles netted them their final run. The Americans bunched hits in the third for one run and made two more on a double, a single and an error.

The turning point of the game came in the eighth. Ruelbach was forced to retire after walking one man and allowing another to single in this frame. Cheney, his successor, also retired after three singles and an error were made and Smith, the last resort of the Nationals was unable to check the Americans until they had clinched the game.

The official attendance was 12,438; total receipts \$7,908; National Commission's share, \$790.80; each club \$3,558.60.

#### BASEBALL NOTES.

The Red Sox won every series in the American league this year except one, and tied the Cleveland Indians in that.

In Hoss, Tyler and McTigue the Boston Braves have three good left handed pitchers to start with next season.

"Jake" Daubert is without doubt the most popular ball player that Brooklyn has had in its lineup in many a day.

Washington fans are well pleased with the work of the Nationals this season and expect Griffith's boys to cop the bunting next year.

Many changes were made in the lineup of the Highlanders during the past season. The team closed the season with six new men holding down regular berths.

Each member of Joe Kelley's International league champions was presented with a gold medal and a purse of money at the close of the season by Toronto fans.

The Chicago White Sox have signed Roy C. Wolfe, star batter of the Illinois-Missouri league. He is the only player in class D circles drafted by a major league club.

Manager Hugh Jennings of the Detroit Tigers believes that Pitcher "Dutch" Klawitter is now ripe for the big show. Klawitter, who had a trial with the Giants in 1910, is the star pitcher of the Portland, Ore. team this season.

#### PISGAH.

Mr. and Mrs. A. P. Ferguson spent Sunday with their daughter, Mrs. Otto Wood.

Mr. and Mrs. Will Davenport and sons, Walter and Roy, of Alexander attended services here Sunday.

Miss Cummings, our teacher, is spending the week with her parents in Gardner, Ill.

Miss Mollie Harris spent Sunday in Jacksonville.

Albert Curry, who is a student at Shurtleff college, spent Sunday with his parents, Mr. and Mrs. A. Curry.

Leonard Wood, who is attending Jacksonville high school, spent Sunday with his parents, Mr. and Mrs. Charles Wood.

Miss Beulah Cummings spent Saturday and Sunday with relatives in Franklin.

The little daughter of Will Mason, who underwent an operation for appendicitis several weeks ago, was able to return to her home last week.

Pisgah can boast of a blacksmith once more, which was badly needed here. Mr. Cook opened the shop Monday. He has the reputation of being a first class blacksmith and we sincerely hope that all the farmers will patronize him.

The little son of Mr. and Mrs. Asa Kroush is ill with scarlet fever.

Miss Mary Cooper, of Lynville spent last week with friends near Pisgah.

Mrs. J. R. Baker spent Sunday with Mr. and Mrs. Porter Bell.

Mr. and Mrs. Fred Myers spent Sunday with their parents, Mr. and Mrs. John Myers.

Our revival closed last Wednesday night. It was one of the greatest revivals in the history of the church. And it was no doubt due to the untiring efforts of our pastor, Rev. Mr. Williams, who for the past year has been laboring to get the church in working order and it seemed that everything was ready for the revival. And we must not forget to mention the fact that he was assisted by Rev. Ed Curry, whom everyone knows by his daily walks and conversation that he is a true man of God and he has the confidence of almost the entire neighborhood. And so considering the Christian characters of these two worthy men the results couldn't be otherwise. We are sad to know that right at the close of such a revival Satan is stirring up a little jealousy among some of the members. The "old fellow" lost so much ground during the revival that he will use every effort to make it back. But we hope this little disturbance will be settled without throwing a stumbling block in the way of the new converts.

## SUMMER SKIN DISEASES

During the summer most persons are annoyed with pimples, boils, rashes, or eruptions, while others suffer more severely with Eczema, Acne, Tetter, Salt Rheum, or some kindred skin disease. A perfect condition of the skin exists as long as the blood is normal, but when it becomes contaminated with humors and acids its supply of nutritive properties is greatly lessened and it becomes a sharp, acrid fluid which diseases

instead of preserving the natural health and texture of the skin. The eruptions may be glossed over and inflammation reduced by the application of washes, cosmetics, salves, etc., but no skin affection can ever be permanently cured in this way; only pure blood can make healthy skin. S. S. S. cures Skin Diseases of every kind by neutralizing the acids and removing the humors from the blood. S. S. S. builds the circulation up to its normal strength, increases its nutritive powers and adds to its purity in every way. Then the skin instead of being irritated with acid humors and impurities, is nourished and healed by a plentiful supply of rich, pure blood. Book on Skin Diseases and any medical advice free.

## GOOD RESOLUTIONS

Those that make for comfort, convenience and economy and are lived up to—such are the resolutions to install gas in the home, as a means for lighting, heating and cooking. Certainly no intelligent man or woman today would be without gas unless they were where it could not be secured. As a matter of fact, people in the country realize so fully its advantages that they have imitated it by installing acetylene plants, which are extremely costly. However, for the small sum of \$1.25 per room, you can have gas in your home. Why not see us today about this matter?

## THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

## STIMSON MAKES SPEECH FOR TAFT

WAR SECRETARY PRAISES PRESIDENT FOR RECORD IN OFFICE.

Points Out That Course Pursued Has Kept This Country From Serious Complications With Mexico—Speaker Protests Against Wrecking of the Republican Party.

Buffalo, N. Y., Oct. 16.—Secretary Henry L. Stimson made his first speech of the presidential campaign here to night, advocating the reelection of President Taft and the continuance of the Republican party in power. Although he said "men who were formerly Republicans are trying now to destroy the party," and denounced as "a monstrous thing the attempt to destroy this great party—this instrument which has been working on the destiny of progress in this nation for 50 years," the secretary did not mention either Colonel Roosevelt or the Progressive party by name. His speech was a discussion of issues between Republicans and Democrats, prefaced by a vigorous reply to the contention that the Republican party had outlived its usefulness, making a third party necessary.

**Republican the Liberal Party.**  
"The Republican party is the great liberal party of the nation," said Mr. Stimson. "Not the conservative party which merely agitates reforms, but the liberal party which accomplishes reforms. This is not a mere accident of history. It follows necessarily and inevitably from the form of our government and the views held toward that government by the men who are Republicans. It is a necessary result of the national views held by Republicans toward their federal constitution. Our party contains the men who believe the constitution is an instrument of national progress, not a mere refuge of vested right—an instrument not to be used to protect the great special interests of to day in the manner in which John C. Calhoun used it to protect the great special interest of slavery, but an instrument fitted to solve the great problems of to morrow, just as Lincoln used it to solve the great war problems of his day."

**Bad Thing to Destroy Party.**  
"Now, if we are right in this, if our faith has a rational justification, it is a monstrous thing to attempt to destroy this great party—this instrument which has been working out the destiny of progress in this nation for 50 years; it is a monstrous thing to allow the impulse, the passion, the lack of vision or of perspective created by events of a single year, to destroy the organized momentum for good of a half century. If it has been good enough and progressive enough and effective enough to win all the struggles of the past 50 years up until this year, it is not likely that it has completely changed its character this year and suddenly become worthy of a death sentence."

"I believe that the year 1912 found the Republican party better cleaner and more progressive than ever before; that it has been steadily growing and developing, until to day on the great problems which confront the country, its position is one which the nation most adopt, if it is to permanently and satisfactorily solve those problems."

**Progress of Recent Years.**  
"They say it is boss ridden. On the contrary, the Republican party itself has progressed more rapidly during the past ten years in the direction of freedom and popular control than in all the other years of its history. Why, the bosses or to day are pygmies compared with the bosses of early days."  
"They say that the Republican nomination this year was attained by theft and fraud, I have explained the facts relating to this charge and I believe it is untrue. It is doubtless true that the methods of electing delegates to our convention, of all parties, Republican and Democratic alike, are in a period of transition. Some states have adopted the direct primary method; in others the old methods obtain. The very fact that the new methods are rapidly coming in shows that the Republican party is open to change and reform, and that it is not hidebound in its methods. And the proper course for those who believe in the new method of primary election is not to destroy the party which is already busy adopting that method, but to go on and hasten to secure its adoption in all the remaining."

**The Tariff Program.**  
"Of the tariff Mr. Stimson said: 'The Republicans offer a definite program which includes a sufficient measure of protection to allow our present industries to go on and yet which will prevent the possibility of excessive prices coming from excessive protection,' and, 'on the other side you have a Democratic platform which attacks the whole basis of our existing system of industries; and you have a Democratic house of representatives which throughout its session has been playing politics pure and simple with the tariff.'"

Declaring that it has become apparent that the Sherman law, alone, no matter how faithfully it is enforced, was not a sufficient solution for the problems that have arisen under present business conditions, the speaker said the Republican party under the leadership of President Taft offered a further specific program—"further legislation making the action looking toward monopoly criminal and the establishment of a federal trade commission to supervise the operation of business and to aid in the enforcement of the law and the prevention of monopoly."

Taft and Mexico.  
The secretary referred to the efforts of the Democrats to reduce the army and navy "below the danger point" as an example of "Democratic irresponsibility." He praised President Taft's attitude in the Mexican troubles, and said: "Last winter

Mr. Taft took advantage of the fact which his Democratic opponents had lost the troubled condition of Mexico might bring on an intervention which would be to his political advantage. In order to obtain from congress legislation which gave him the right and power to prevent the exportation of arms."

Attacking the Democratic Philippine policy, Mr. Stimson pictured the present condition of the islands and said: "Practically all men who know anything about it agree, in substance, that should our present control be withdrawn, all signs of this material and intellectual progress which we have thus far accomplished would melt away and vanish within a generation. And yet this reactionary reversal of nature is just what the Democratic platform proposes to do. This noble experiment of leading slowly and carefully upward into the paths of self government a dependent people it characterizes as 'an inexcusable blunder.'"

**Avoid Sedative Cough Medicines.**  
If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia, use cough medicines that contain codeine, morphine, heroin and other sedatives. When you have a cough or cold, an expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedative. For sale by all dealers.

**FELIX DIAZ HAS CAPTURED VERA CRUZ.**

Seizes Two Gun Boats Lying in Harbor—Inhabitants of Town Welcome New Ruler.

Mexico City, Oct. 16.—Two gunboats lying in the harbor of Vera Cruz have been taken by Felix Diaz. The plan which he has been perfecting for many days has been carried out smoothly. Diaz returned to Vera Cruz and entered the city quietly early today.

With a lieutenant and a small following he arrested the director of the arsenal and the commander of the garrison but released them later on parole. He then took over the government offices without opposition. All saloons, banks and business houses have closed their doors, and the citizens of Vera Cruz were enthusiastically accepting the Diaz control.

Geo. T. Craddock, Ruble, Ark., says: "I was bothered with lumbago for seven years so bad I could not work. I tried several kinds of kidney medicine which gave me little or no relief. Two bottles of Pele Kidney Pills cured me and now I can do any kind of work. I cheerfully recommend them to my friends." City Drug Store, J. A. Obermeyer.

## END LIVER TROUBLE WITHOUT CALOMEL.

Untrustworthy Drug, Thought to Loosen the Teeth, Now Made Absolutely Unnecessary.

Dr. Edwards' Olive Tablets—the substitute for calomel—are the mildest but surest laxative known, most instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel and bowels. His efforts to banish it brought these little olive-colored tablets, a rare combination of vegetable compounds mixed with olive oil. These pleasant, harmless little tablets do all the good that calomel does but have no bad after effects. They do not injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the teeth. It is a strong liquid. It is best not to take calomel at all, but to take Olive Tablets take their place.

Most headaches, "dizziness" and that lazy feeling come from constipation and a disordered liver. Take Olive Tablets when you feel "loggy" and "heavy." Note how they "clear" the clouded brain and how they "perk up" the spirits.

At 10c and 25c a box. "Every little Olive Tablet has a movement all its own."

The Olive Tablet Co., Columbus, Ohio.

## RECALLS DUNNE'S ADMINISTRATION.

Chicago, Oct. 16.—A conspicuous Chicago Democrat who does not disavow his hope that Gov. Deneen will be re-elected, and is openly opposed to the election of Dunne, said today: "The Democratic party cannot afford to take the responsibility of electing the state ticket which has been nominated. It would be a tragedy to turn over the offices which are now thoroughly organized, and in excellent business condition into the hands of a set of candidates who have promised all of the ap. pointive places a dozen times over."

This authority directed attention to the fact that in his efforts to win a re-election as mayor, Mr. Dunne's administration had been connected with the expose of the police department, evidence of which was developed in the legal proceedings which terminated in the indictment of Dunne's chief of police."

## A Marvelous Escape.

"My little boy had a marvelous escape," writes P. F. Bastians of Prince Albert, Cape of Good Hope. "It occurred in the middle of the night. He got a very severe attack of croup. As luck would have it, I had a large bottle of Chamberlain's Cough Remedy in the house. After following the directions for an hour and twenty minutes he was through all danger." Sold by all dealers.

## NEW PRESIDENT OF AMHERST.

Amherst, Mass., Oct. 16.—The inauguration of Dr. Alexander Meiklejohn, formerly of Brown university as president of Amherst college, was a great day for the institution. Many alumni and friends were present from all parts of the country. The inauguration exercises took place this morning in College hall, following an academic procession through the college grounds.

The order of the inauguration exercises was as follows: Invocation by George Harris, president emeritus of the college; presentation of insignia of office by George A. Plimpton, president of the board of trustees; address of congratulation on behalf of the alumni, faculty and students; inaugural address by President Meiklejohn; benediction by Prof. Arthur L. Gillette, D. D.

Following a luncheon in the Pratt gymnasium the delegates, alumni, guests and students reassembled in College hall and listened to address by President Lowell of Harvard university, President Faunce of Brown university, President Hyde of Bowdoin college and President Garfield of Williams college.

The new president of Amherst is forty years old and a native of England. In his youth he accompanied his parents to the United States and was educated at Brown university. He joined the faculty of his alma mater in 1897 as instructor of philosophy. Subsequently he became professor of logic and metaphysics and in 1901 he was made dean of Brown university. This position he resigned some time ago to accept the presidency of Amherst.

## Chronic Dyspepsia.

The following unsolicited testimonial should certainly be sufficient to give hope and courage to persons afflicted with chronic dyspepsia: "I have been a chronic dyspeptic for years, and of all the medicine I have taken, Chamberlain's Tablets have done me more good than anything else," says W. G. Mattison, No. 7, Sherman St., Hornellsville, N. Y. For sale by all dealers.

## ARMY OF CUMBERLAND REUNION.

Chattanooga, Tenn., Oct. 16.—A small but distinguished body of civil war veterans assembled in Chattanooga today for the annual reunion of the Society of the Army of the Cumberland. The reunion began today and will continue over tomorrow, the program providing for several business sessions, interspersed with visits to the battlefields in this vicinity.

The Army of the Cumberland took one of the most active and important parts in the civil war. Its objective was the reclamation of the seceded states of Tennessee, Alabama, Georgia, North and South Carolina, and the western parts of Virginia. The victory of this army at Mill Springs was the first of the war at which a matured plan was completely and successfully carried out. At Shiloh the timely arrival of the soldiers of the Army of the Cumberland saved the day, while at Missionary Ridge the victory of this army was one of the most stupendous feats of the war. Chickamauga was the only battlefied that the Army of the Cumberland, in its unity, ever yielded to the enemy. In the spring following the battle of Chattanooga, the Army of the Cumberland, as a part of the military division of the Mississippi, joined in the memorable campaign from Chattanooga to Atlanta. After Jonesboro and Atlanta, the formal unity of the Army of the Cumberland was broken.

The commanders of the Army of the Cumberland were Gen. Robert Anderson, Gen. W. T. Sherman, Gen. D. C. Buell, Gen. Rosecrans and Gen. Thomas. Among its corps and division commanders were: Gens. Sheridan, Hooker, McCook, Crittenden, Howard, Palmer, Stoddman, and others well known by their gallantry and achievements.

## GAS, SOURNESS AND INDIGESTION VANISH

Just as Soon as "Pape's Diapiesin" Comes in Contact With the Stomach, All Distress is Gone.

"Really does" put bad stomach in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapiesin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste. Remember the moment Diapiesin comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapiesin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.

I am promising to give away ten thousand dollars' worth of medicine, and I

To this end I have set aside ten thousand dollars, which will be used to convince the public that I have something genuine, something better than others have for the cure of stubborn, chronic rheumatism, for torturing kidney backache, for annoying calls to urinate. But it is hard to convince people—they try a few things unsuccessfully and give up all hope and refuse to listen to anyone. Happily, I am in a position now to demonstrate to sufferers at my own expense that I have a medicine that cures these diseases. I don't ask them to spend any money to find out; I don't ask them to believe me, nor even to take the word of reliable people, but all I ask is that they allow me to send them the medicine at my own cost. That is surely fair.

But it is hard to convince people—they try a few things unsuccessfully and give up all hope and refuse to listen to anyone. Happily, I am in a position now to demonstrate to sufferers at my own expense that I have a medicine that cures these diseases. I don't ask them to spend any money to find out; I don't ask them to believe me, nor even to take the word of reliable people, but all I ask is that they allow me to send them the medicine at my own cost. That is surely fair.

To this end I have set aside ten thousand dollars, which will be used to convince the public that I have something genuine, something better than others have for the cure of stubborn, chronic rheumatism, for torturing kidney backache, for annoying calls to urinate. But it is hard to convince people—they try a few things unsuccessfully and give up all hope and refuse to listen to anyone. ## SOME MORE SCHOOLS VISITED

Oakland and the Narrows Receive a Call From the Journal Representative.

Wednesday morning the writer had the pleasure of two visits with some of our rural schools and found much to praise him and unusually little to criticize. This time he set sail for the southeast part of the county and passing by Ashbury church and going south and east he pulled up at Oak Ridge school house. The accomplished young teacher, Miss Marie Angelo, was very courteous and bade the visitor welcome and asked his pleasure.

Of course, a friendly talk with the pupils came first and they paid close attention as the caller told of the strange lands across the seas and of the ways and manners of the people so far from home. We have many good things in this land of ours, but we may always learn something of use to us by studying what we can of those across the seas. The children listened attentively and seemed interested in what they heard.

The school grounds leave little that could be desired. They are ample in size and well supplied with noble forest trees which afford a fine shade and are simply superb. The school buildings is in good repair, though some of the window shutters are lacking. Miss Angelo said the directors were good to supply needed working tools in the way of maps and charts and the present desks are soon to be replaced with new and up to date patterns. There are a few small pictures on the walls, but more of the right kind would be a fine addition.

In general things seemed to be in good shape and the visitor looked many times with unqualified admiration on the grounds so finely shaded with such grand trees.

Turning away from Oak Ridge with pleasant recollections of the call, the scribe turned the helm of his ship in the direction of the Narrows school house, which he reached in due season. One thing about this school, it is almost under the eaves of Diamond Grove Baptist church and the very neighborhood in which such a good man as Rev. Daniel Holmes lived ought to be better on that account. And there were other good men, too, but a recapitulation will not be attempted, as an injustice might be done to someone who would be omitted.

The Narrows school gets its name from an early incident, which is well known to many in that vicinity and has already been told. The school house was once much farther south than at present and the locality was the Narrows.

The teacher of this school is Miss Bessie Simpson and she remarked during the visit of the writer that the Sherman school was the first one she ever attended. And right here it will have to be said in all fairness that this school building comes as near being without a fault as one can expect and so far takes the palm over all that the writer has visited so far. It has recently been renovated, papered, painted and fixed up generally; new seats and many other things supplied, while it has a piano, a number of fine pictures on the walls, including such subjects as Washington, Grant, Sherman and other great men and some historic subjects. The heating apparatus is good and in general it is simply all right.

The lot is a good sized one and a number of trees have been set out. A few more near the building would be well placed and that is about all the visitor has to suggest. Always honor to whom honor is due. Here, as at other places the visitor told of foreign travel and the pupils were much interested and paid close attention and as at Oak Ridge the order was good, very good, and at the close they asked quite a number of questions. The writer would have been glad to get a few more for he would like to see if Sherman is to be alone in this regard, but the young people did very well and no fault is to be found.

It is respectfully suggested to some directors to call at the Narrows school house and see a first class building and then go and do likewise. No harm intended, but it is pleasant to see such a place. Miss Simpson said the directors furnished everything needed for comfort and use in the schoolroom; a brush and "No-Dust-O" to make sweeping an easy task.

Foley Kidney Pills have done so much for me I shall always recommend them.' City Drug Store, J. A. Obermeyer.

## A COMPLICATED AFFAIR.

John C. McBride has received from his son in Chicago a sample ballot, if it may be called, showing how a man must use the voting machines to be at the polls in the great city. The sheet is in the Journal office window and is a decided curiosity and surely its correct use would be a puzzle at first glance and the voter is permitted to be in the voting booth but one minute.

## DESERVED COMPLIMENT.

Yesterday afternoon there was at the store of Andre & Andre a caller who has visited nearly all the noted art galleries of Europe and he was examining the large collection of various kinds of pictures kept for sale by the enterprising firm and remarked that he never saw a collection in a store equal to the stock carried at that place.

The goods are notable for the fine subjects and varied list comprising reprints of many of the old masters and others and all showing remarkable good taste and judgement.

The opinion given by the caller was wholly voluntary and not requested at all by the proprietors.

Mr. and Mrs. John W. Erickson and daughter residing east of Alexander were in the city yesterday.

# Sick Women

When shown positive and reliable proof that a certain remedy had cured many cases of female ills, wouldn't any sensible woman conclude that the same remedy would also benefit her if suffering with the same trouble?

Here are five letters from southern women which prove the efficiency of Lydia E. Pinkham's Vegetable Compound.

## LETTER FROM VIRGINIA.

Elliston, Va.—"I feel it my duty to express my thanks to you and your great medicine. I was a sufferer from female troubles and had been confined in bed over one third of my time for ten months. I could not do my housework and had fainting spells so that my husband could not leave me alone for five minutes at a time. Now I owe my health to Lydia E. Pinkham's Vegetable Compound and Blood Purifier. Whenever I see a suffering woman I want to tell her what these medicines have done for me and I will always speak a good word for them."—Mrs. ROBERT BLANKENSHIP, Elliston, Montgomery Co., Va.

## LETTER FROM LOUISIANA.

New Orleans, La.—"I was passing through the Change of Life and before I took Lydia E. Pinkham's Vegetable Compound I was troubled with hot flashes, weak and dizzy feelings, backache and irregularities. I would get up in the morning feeling tired out and not fit to do anything. Since I have been taking your Compound and Blood Purifier I feel all right. Your medicines are worth their weight in gold."—Mrs. GASTON BLONDEAU, 1541 Polymnia St., New Orleans, La.

## LETTER FROM FLORIDA.

Wauchula, Fla.—"Some time ago I wrote to you giving you my symptoms, headache, backache, bearing-down, and discomfort in walking, caused by female troubles.

"I got two bottles of Lydia E. Pinkham's Vegetable Compound and a package of Sanative Wash and that was all I used to make me a well woman. I am satisfied that if I had done like a good many women, and had not taken your remedies, I would have been a great sufferer. But I started in time with the right medicine and got well. It did not cost very much either. I feel that you are a friend to all women and I would rather use your remedies than have a doctor."—Mrs. MATTIE HODGON, Box 406, Wauchula, Florida.

## LETTER FROM WEST VIRGINIA.

Martinsburg, W. Va.—"I am glad to say that Lydia E. Pinkham's Vegetable Compound has done wonders for my mother, daughter and myself. I have told dozens of people about it and my daughter says that when she hears a girl complaining with cramps, she tells her to take your Compound."—Mrs. MARY A. HOCKENBERRY, 712 N. 3rd St., Martinsburg, W. Va.

## ANOTHER LETTER FROM VIRGINIA.

Newport News, Va.—"About five years ago I was troubled with such pains and bloating every month that I would have to go to bed. A friend told me to take Lydia E. Pinkham's Vegetable Compound and I soon found relief. The medicine strengthened me in every way and my doctor approved of my taking it. I will be glad if my testimony will help some one who is suffering from female weakness."—Mrs. W. J. BLAYTON, 1029 Hampton Ave., Newport News, Va.

## MATRIMONIAL

**Roundtree-Loughary.**  
Friends in the city have received word announcing the wedding of Miss Ethel Loughary and R. D. Roundtree of Falls City, Neb., the ceremony taking place at the home of the bride's sister, Mrs. Rex Warlick, in Topeka, Kan., Oct. 9. The bride attended high school in this city last year and has a large circle of friends here who will extend congratulations. They will reside at 1267 Van Buren street, Topeka, Kan.

A quiet wedding took place yesterday afternoon at the parsonage of Centenary church when George Mader and Miss Emma Dohrs were married by Rev. A. H. Flagg, in his most happy manner.

The groom is a young gentleman of Waverly, a barber with a good reputation for industry and frugality. The young lady has been a clerk in one of the leading stores in Waverly and is highly esteemed by all who know her.

The wedding will be something of a surprise to the friends in Waverly as the young people have studiously kept it a secret though for some time they have been planning a home which will be all ready for them on their return to Waverly.

They were accompanied by Mr. and Mrs. Cass Flynn of Waverly and the latter attended them at their ceremony. They returned to Waverly later in the afternoon and will at once be at home to their friends.

**Gay-Crouse.**  
A pretty home wedding took place Wednesday evening at 6 o'clock at the home of Mr. and Mrs. D. J. Crouse, who reside two miles east of Murrayville, when their niece Miss Ethel May Crouse, became the bride of Mr. Clarence L. Gay of Barry, Ill. The ceremony was said by Rev. F. A. McCarty of this city.

The house was tastefully decorated in yellow and white, fall foliage also being used in the various rooms. A formal arch had been made in the parlor flanked with potted plants and it was beneath this arch that the vows were pledged. The bride wore a blue silk gown trimmed in white and carried a shower bouquet of roses.

The bride has been making her home with her grandparents, Mr. and Mrs. R. L. Wyatt. She is a graduate of the Murrayville High school, with the class of 1911, and is also a member of the Methodist church. She is a young lady who is well known and much respected. The groom is the son of Mr. and Mrs. W. H. Gay of Barry, and is in business in Barry. He and his bride will reside there until spring when they may move to a farm near that place.

They received a number of nice presents. Following the marriage a wedding supper was served.

The following were among the guests present: Mr. and Mrs. Horace Wyatt, Mr. and Mrs. Samuel Hodgson and son Orin of Woodson, Ralph, Helen and Eleanor, brother and sisters of the groom, Miss Minnie Sooy and Bert Lumston of this city, Mr. and Mrs. D. J. Crouse, Mr. and Mrs. George Sooy, Clyde Fanning, Carl Rousey, Farnes Wilson, T. Beadies, Misses Sarah Jones, Bertha Fanning, Genevieve Rochester, Edna Cook, Ira Fanning and Charles Wright.

**RETURNS TO MURRAYVILLE.**  
"Uncle" Robert L. Wyatt, who was taken to the Old Soldiers' Home in Quincy last Saturday, and was accompanied by his wife, returned home Tuesday evening. It will be remembered that Mr. Wyatt suffered a paralytic stroke some time ago and has been in delicate health since.

**SUMMONED TO DIXON.**  
Mr. and Mrs. Abe Dinwiddie went to Dixon Wednesday in response to a telegram announcing the serious illness of Mrs. Dinwiddie's father, Lee Hart. They arrived just one hour before Mr. Hart's death and will remain for the funeral. The deceased is survived by his wife, one daughter and one son.

## A. A. CURRY HEADS STATE BAPTISTS

Elected President at Convention in Quincy—Rev. W. L. Dorgan Sends Letter of Meeting.

At the annual election of officers of the State Baptists association, which is in convention at the Vermont Street Baptist church in Quincy, A. A. Curry of this city was elected president and Rev. C. D. Elbridge of DeKalb was chosen state convention secretary. The election was held by ballot, in accordance with a revision of the constitution of the organization. The annual election of the Baptist Women's state convention was held and the report of the nominating committee was adopted, as follows: president, Dr. Etta R. Hilton of Chicago; first vice-president, Mrs. D. P. Scott of Kankakee; second vice-president, Mrs. M. V. Higan of Morgan Park; recording secretary, Mrs. Oscar Wiley of Chicago; foreign corresponding secretary, Mrs. W. P. Topping of Elgin.

The convention opened Tuesday morning with a devotional service led by Rev. J. C. Oranger and Dr. E. P. Brand, superintendent of state missions, then introduced the missionaries and field workers of the state. Rev. M. S. Bryant, pastor of the Students' church of Champaign, spoke of the important work inaugurated by the Baptists of the university center and he was followed by Rev. A. C. Hodgson of Champaign, Rev. Clyde Misner of Glasford, Rev. Mr. Booth of Pawnee, Rev. C. H. Remus of Danville, Rev. V. Colbert of Collinsville, W. S. Beckman of Pisgah, Rev. N. O. Patterson of Lena, Rev. Frank Dunk of Oglesby, Rev. Samuel Hookstra of Marseilles, Rev. George H. Yule of Mendota, Rev. W. R. Johnson of White Hall, Rev. W. H. Parker of Erie and Rev. A. H. Ford of Colchester, all field workers who gave interesting accounts of their fields and service. The session was brought to a close by the annual address of Dr. E. P. Brand, state superintendent of missions, who made a vigorous appeal in behalf of the foreign and negro population in the state and urged that \$25,000 be raised to prosecute the work this year.

Rev. W. L. Dorgan, pastor of the West Baptist church in this city, who is attending the convention, sent the Journal an interesting account of the first day's session of the convention which is substantially as follows:

The auditorium at the opening of the sixty-eighth anniversary of the Illinois Baptist state convention was filled and the opening prayer service was conducted by Rev. Cyrus Webb of Atlanta. Rev. Samuel Hookstra of Marseilles led the enthusiastic song service and was assisted by Rev. C. C. Smith of Princeton.

The conference was presided over by Rev. M. P. Boynton of Chicago, president of the Pastoral Union and he appointed the following committees: nomination, Rev. T. H. Marsh of Aurora, Rev. G. H. Yule of Mendota and Rev. L. M. Darnell of Sycamore; program, Rev. L. C. Trent of Kewanee, Rev. F. E. R. Miller of Galesburg and Rev. R. B. Davidson of Rockford; obituaries, Rev. A. L. Abbott.

Dr. A. F. Purkiss of Elgin preached the annual sermon, taking for his subject, "The Glory of the Will of God," and Rev. S. Z. Batten of Des Moines college, representing the Baptist Publishing Society spoke on the subject, "The Social Problem."

Following these two addresses Dr. T. H. Marsh, chairman of the nominating committee, named Dr. A. LeGrand, pastor of the Quincy church, for president of the Pastoral Union, and Rev. A. B. Davidson of Rockford as secretary, and they were unanimously elected.

Two other masterly addresses were heard after the election, one on "The Pastor and Civic Relations," by Rev. T. H. Marsh of Aurora, and the memorial address by Rev. I. P. Howard of Oren.

**Wilhoit.**  
Katherine Wilhoit, aged 74 years, died Tuesday afternoon at 4:40 o'clock at the Jacksonville State hospital, where she had been a patient for some time. The remains were taken to the Gillham undertaking establishment and Wednesday afternoon at 4 o'clock were shipped via the Chicago & Alton to Marine, where funeral services will be held and interment made.

**Williams.**  
The infant son of Mr. and Mrs. Samuel Williams died Wednesday at the family home, 216 Anna street. Funeral services will be held this afternoon at 4 o'clock from the residence and interment will be made in the Jacksonville cemetery.

**De Lapp.**  
The funeral service of Miss Mary De Lapp, were conducted Monday afternoon from the Christian church in La Harpe, in charge of Rev. E. A. Johnson. The services were impressive and there were many beautiful flowers. Burial was made in the La Harpe cemetery, members of the Eastern Star, taking part in the commitment service.

Miss De Lapp was born Feb. 13, 1880, near Chapin, and was the daughter of Mr. and Mrs. J. B. De Lapp. When she was eight years of age the family moved to California and after a year's stay there returned to Morgan county. For eleven years the deceased was employed in the public schools of her community. She had been ill for several weeks with typhoid fever. Through her long illness she was uncomplicated and bore all with a Christian fortitude.

Her mother died in 1898 and she leaves her father, who resides at Huntington Beach, Cal., she is also survived by the following brothers and sisters, Austin of Crookston, Minn., John of Durnam, Margaret, Mary and Clara of La Harpe, Grover De Lapp and Mrs. Rosa Campbell of Huntington Beach, Cal.

## DR. G. V. BLACK DESIGNS NEW DENTAL INSTRUMENT

Is Intended for Testing the Average Strength of the Human Jaws.

A Chicago paper gives the following description of a new dental instrument Dr. G. V. Black has recently designed. "A ten-pound bite requires a forty-pound contraction of the human jaw muscles. That is because the jaws are built on the principle of a pair of tongs. In order to determine the average strength of the jaws, Dr. G. V. Black, president of the Chicago Dental university, devised an instrument of very simple design, but with a name that would put the average jaw to a severe test—the gnathodynamometer. With this instrument he made gnathodynamometric tests of the jaws of thousands of persons. The average showed 171 pounds for the molar teeth and much less for the bicuspsids and incisors.

"The Scientific American, says the instrument with which these records were made comprise a pair of steel arms, which are normally spread apart by spring tension. Each arm is equipped with a rubber pad, on which the biting is done. In addition to the gnathodynamometer, Dr. Black has invented another instrument with an equally terrifying name—the phagodynamometer, with which he tests the resistance to chewing offered by various foods. With this instrument some important studies have been made of force required in the mastication of food. These are shown graphically on this page. In place of muscles the jaw is represented as being provided with a ten-pound sliding weight on the beam.

"The tenderest meat was found to be boiled tongue, the central part of which offered a resistance of from three to five pounds. Mutton chops required from thirty to forty pounds; beef, round, from forty to fifty, and beefsteak, well done, but rather tough, from sixty to eighty pounds. An experienced butcher selected some very tough meats from the neck of an old animal, which stood up against a force of from seventy to 90 pounds before the crush occurred. The figures should be reduced about one-third for meat made tender by storage. With these data the mathematician inclined may proceed to figure out the horse-power developed at the boarding house table."

## CHILDREN HAVE MIRACULOUS ESCAPE

Horse Driven by Nellie Hoban and Margaret Kelly Becomes Frightened at Motorcycle and Runs Away—Horse Shot Because of Broken Leg.

Nellie Hoban, aged 12 years, and Margaret Kelly, aged 9 years, had a miraculous escape from death Wednesday afternoon on East State street, when the blind horse they were driving became frightened at a motorcycle, driven by Clarence Walsh. Both girls were thrown from the vehicle and the horse crossed the curbing at Centenary church and landed on the pavement in such a manner as to break its right fore leg. In order to put the animal out of its misery it was shot.

The children were coming onto East State street from North East street and Mr. Walsh was coming up South East street. The motorcyclist had his engine dead and was gliding over to the curbing, intending to stop in front of A. R. Myrick's shop. The two parties met almost on the car track and the horse's hoof grazed the back of the motorcycle. Mr. Walsh opened the throttle again to get out of the way and the noise frightened the horse, which began to run east. The first rig encountered was a Jacksonville Transfer wagon standing in front of the Vasconcellos grocery store. This knocked the end of the children's rig around and the Hoban girl fell between the front wheel and the bed of the wagon. Here she was held until the rig straightened out again, when the child was given one revolution around the axle and fell to the pavement. Lawrence Roach, the driver of the transfer wagon, made an attempt to catch the frightened horse by the bit, but was unsuccessful.

The horse cut the corner at Centenary church, where the curbing was the deepest and landed on the other side of the sidewalk. The Kelly girl was thrown over on the horse and caught the shaft of the vehicle as she fell. It was all done so quickly that even the eye witnesses were unable to catch every movement. A big crowd soon assembled and the little girls were cared for. Both were crying loudly but aside from the shock, had suffered no apparent injuries. Mrs. Mary R. Frankenberg and her daughter, Miss Frances, took the children to their homes. Nellie Hoban is the daughter of Patrick Hoban, who resides at 201 Allen avenue. Margaret Kelly is the daughter of J. J. Kelly of East Duval street.

The horse broke its right front leg, between the knee and the hoof and received a bad cut on the breast. Dr. C. E. Scott was summoned and made an examination of the wounds and it was deemed best to kill the horse, which was done later in the evening. Mr. Hoban had only recently purchased the animal, which had always appeared gentle. The harness and rig were also put out of commission.
